Legislative Approval May

Controversy

SACRAMENTO, Aug. 9. (P)—The question of state acceptance of a royalty agreement with the Standard Oil company of California, for oil drained from state tidelands at Huntington Beach by whippstock drilling has not been settled, state land officials said today.

Standard offered to pay the state about \$500,000 in back royalties after the state had discovered that a number of companies at Huntington Beach had drained the tidelands it owned there.

During the recent session of the legislature a charge was made by Senator Olson, Los Angeles, that the state was preparing to settle with Standard for a few hundred thousands of dollars although "millions" of dollars in oil had been taken from the tidelands.

Subsequently three committees were appointed to the legislature to investigate the royalty agreements, the history of whippstock drilling at Huntington Beach and the feasibility of leasing state tidelands for whippstock development.

One committee, headed by Senator Olson, has held several preliminary meetings with a view toward making recommendations to the 1937 legislature. So far as was known here the other committees, headed by Assemblymen Jones, Los Angeles and Hornblower, San Francisco, have not met.

It has been indicated here for some time that a final settlement with Standard will not be negotiated without legislative approval.

NOT MUCH USE TALKING!
Citrus Dime Scheme Lags

Approximately 25 persons gathered in the Orange city hall last night and heard Frank S. Spire, Corona, talk about his plan to organize the United Fruit Growers Protective alliance. When he finally called for discussion from the floor, Mrs. Della Bishop of Orange, temporary secretary, told him that unless he had some concrete program to offer, so the growers will know how he hopes to improve conditions, there was no use in doing any more talking.

Mr. Spire spoke at length again without making his scheme any clearer, except that he wanted the growers to be sure and join up by paying 10 cents for each acre of their holdings. The session finally ended without any jangle of dimes, but Mr. Spire said another meeting will be held next Thursday night in the same place to form a concrete program.

Another meeting will be held at Anaheim next Wednesday night, and at Fullerton on Thursday night, Mr. Spire said. The conflict between the Orange and Fullerton dates appeared to be somewhat of an embarrassment to Mr.

Glenn Cave, drum major of American Legion post No. 131, Santa Ana, was nominated to run against Allison Honer for commander of the post when nominations were reopened at a meeting of the Legion held last night in Veterans hall.

Mr. Honer, second vice commander of the post and for several years a member of the executive committee, had been named as an unopposed candidate at the July nominations. Mr. Cave has been a member of the drum corps for more than six years, starting as a drummer, rising through the ranks of bugler, commander, assistant drum major, and this year, drum major.

Candidates slated to run, on the close of nominations, include Cy Featherly, first vice commander; Ralph Hoover and Charles Neer, second vice commander; Harold Brown withdrawing; Arthur Ekund and Harold Rasmussen, adjutant; Charles Leimer withdrawing; Andrew Lykke, sergeant-at-arms; Glenn Cave, Dr. F. E. Earel, Charles Van Wyk, Frank Kelley, George Sullivan, Brick Grouard, George Parker and Robert Sandon, executive committee; Charles Swanner, Frank Corey and Franklin West withdrawing.

Election is set for September 12 and installation September 26.

HOTTEST DAY
OF YEAR IS
FELT HERE

Beats Yesterday's High
By 18 Degrees; First
Time Over 100-Mark

LOS ANGELES HAS 98

Other Southland Towns
Feel Heat; One Death
Reported in L. A.

Hitting the year's high of 103½ degrees at 1:15 p. m., the temperature soared above the 100 mark in Santa Ana today for the first time this season.

The heat wave descended suddenly on the town, making a jump of 18 degrees from a high of 85 yesterday to the 103½ point today.

The thermometer dropped one degree at 12 noon, rising again to 103 degrees at 1 p. m., touching 103½ at 1:15, with indications that it would go higher.

The big jump in temperature came between 6 and 9 o'clock this morning. At 6 o'clock it was 78, with a record of 100 three hours later.

This year's August 9 temperature was 17 degrees above that of August 9, last year, which was 86. In 1933, the same date, it was 80. In 1932 it was 76, and in 1931 it was 80. The high temperature peak for 1934 came in March when the thermometer read over 100.

Death in Los Angeles

Associated Press reports said the thermometer shot up to a new high for the year at 98 today in Los Angeles. The heat started with a 66 at dawn, and reached 86 at 8 a. m.

A maximum of 96 was recorded July 15. Last September 18, it was 98, and on October 4, 1933, 100 degrees was recorded.

One death was attributed indirectly to today's heat in Los Angeles. Albert Escobedo, 45, became dizzy and fell off a ladder from which he was painting a house. He died at a police hospital.

101 at Pasadena

Pasadena reported a recording of 101 degrees at 11:30 a. m. Hollywood also reported one of its warmest days of the season. At 11:30 o'clock the thermometer read 97 degrees.

Ideal bathing weather was reported from the beaches. The temperature at Santa Monica was 98.

CLIPPER READY
FOR TAKEOFF

ALAMEDA, Calif., Aug. 9. (P)—Heading for tiny Wake Island, 5000 miles to the west, pan-American airways' 19-ton clipper ship was ready to take off from San Francisco bay late today on the third of its series of trans-Pacific flights.

San Francisco, Aug. 9. (P)—Joshua D. Rapken, 50, wealthy wholesale liquor dealer, plunged to his death and four others were injured in an explosion and fire at the family residence today.

Rapken, evidently frightened, leaped from a front second story window, landing on his head. He died almost instantly from a broken neck.

His wife, Pearl, 36, their son, Joshua Jr., 7, and Miss Mary Machado, 26, Los Angeles, a house guest, were burned, and Fireman Timothy Wormeth, 48, suffered a brain concussion in a fall.

The fire broke out in the kitchen, where a gas stove was being used. The fire spread rapidly to the living room and bedrooms.

The fire was caused by a gas leak. The gas was leaking from a pipe in the kitchen.

Call for Mr. West!

(Editorial)

SOME Orange county people viewed with satisfaction the recent Governor Merriam veto of the so-called whippstocking bill in which Huntington Beach played an important part. They believed the governor's action was a direct slap at the Standard Oil company and that the Gilmore company and other so-called independents who ostensibly fought the whippstocking bill in the legislature, had gained an important victory when the governor refused to approve it.

"Now," said they, "the public has a chance."

Supervisor N. E. West, who lobbied for the Gilmore company, was well pleased.

Yesterday a financial writer in a Los Angeles newspaper, commenting on the fact that the Standard Oil Rockefeller are large stockholders in the Socony Oil company, disclosed that the Socony company owns 69.3678 per cent of the Gilmore company. The ownership was revealed in a report to the Securities Exchange Commission.

This is disturbing news on a hot day.

Here's How Security

Bill Pension Applies

To Average American

WASHINGTON, Aug. 9. (P)—By way of example, this is how the contributory old age pension system in the social security bill is designed to apply to "Bill Jones."

Suppose young Bill is 20 when the bill goes into effect and he makes an average monthly salary of \$100 until he is 65. He will get a monthly pension, until his death, of \$53.75.

In detail, here is what will happen to him:

In the calendar years 1937, 1938 and 1939 he will pay a salary tax of 1 per cent, or a total of \$36 for the three years. In 1940, 1941 and 1942, he will pay 1½ per cent, or \$54. In 1943, 1944 and 1945, the tax will be 2 per cent, or \$72. In 1946, 1947 and 1948, the tax will be 2½ per cent, or \$90. From 1949 to 1951, inclusive, the tax will be 3 per cent, or a total of \$118.8 for those 33 years.

Thus, in 45 years, Bill Jones will have paid in \$1440. All the time, his employer will have been matching his tax payments, so that the total paid to the federal treasury will be \$2880.

At 65, Bill Jones can expect to live perhaps 10 years more. If he does, he will get back \$6450. When Bill Jones dies, this is what will happen:

Estate Gets Share

His average annual salary will be multiplied by the number of years he paid taxes. In other words, if he dies after he has paid taxes for 45 years, 1200 will be multiplied by 45—giving a total of \$54,000. Arbitrarily, the bill stipulates that Bill Jones' estate shall be entitled to 3½ per cent of that, or \$1890—less any amount he received in pensions before he died.

If Jones dies before he gets back \$1890 in pensions, what he actually received is deducted from \$1890 and the balance paid to his heirs. If he lives until he gets back all of the \$1890 and more, his heirs get nothing.

Pay on Payment

If Jones should die before he reaches 65, his heirs would be entitled to a payment of 3½ per cent of the total wages on which taxes had been paid.

For instance, if he died after 10 years, he would have paid taxes on \$12,000. His heirs would be entitled to 3½ per cent of that, or \$420.

FLOOD DAMAGE

TOLL MOUNTS

ZANESVILLE, Ohio, Aug. 9. (P)—The toll of destruction from Ohio's worst flood in 22 years mounted higher today as the crest of the swollen waters here moved on toward the Ohio river.

With two persons known to have drowned, another missing, and three others dead unofficial estimates of property damage ranged upward today from \$3,000,000. More than 1000 persons are homeless and other hundreds are under orders to flee for safety to higher ground.

Hopkins Warns Strikers

MOVE MAY SPREAD
Director's Request For
'Fair Fight' Answered
By Strike Plans

NEW YORK, Aug. 9. (P)—Organized labor and the government came to a showdown in this city today with a strike called over the security wage.

Representatives of the Building Trades unions set out to pull 10,000 to 15,000 skilled laborers from Works Progress administration projects in New York, where 100,000 of the nation's first 150,000 WPA workers are employed.

Men who strike, the WPA warned, will be replaced and will be "dropped from the federal relief rolls."

Wage "Too Low"

From Harry L. Hopkins, national head of the WPA, and Gen. Hugh S. Johnson, administrator for New York, came the warning. But George Meany, president of the state federation of labor, and other strike leaders were equally adamant.

The local security wage of \$93.50 a month for skilled labor—top figure in the national WPA scale—imperils the prevailing hourly wage, they insisted.

"Nonsense," Johnson retorted. He addressed the delegates of the Building Trades council yesterday and, hearing them re-affirm the strike vote, carried his plea for "an honest fight" against unemployment to the public over the radio last night.

Strike in Philadelphia

A similar though smaller strike was called on a WPA project at the Philadelphia navy yard. William Green, president of the American Federation of Labor, predicted at Atlantic City, N. J., that the walkout would spread to Boston, Chicago, Kansas City, Cleveland, San Francisco and Seattle.

Johnson told the union delegates that skilled workers were "never better off" than with the assurance of six months work at \$93.50 a month. He said they were being duped by Communists and selfish contractors. He called it a "ghastly shame."

The answer was appointment of a committee to make sure that each of the 36 unions involved called its men off the federal jobs. More than 700 already had walked out.

COLLECTION OF

TAXES HALTED

LOS ANGELES, Aug. 9. (P)—Federal Judge Paul J. McCormick issued a temporary injunction today restraining Collector of Internal Revenue Mat Rogan from collecting processing taxes totaling about \$2,000,000 from six Los Angeles firms which have filed suits assailing the constitutionality of these levies, imposed under the Agricultural Adjustment act.

The companies are the California Milling corp., the V. C. Milling company, Borne Packing company, Armour & Co., Tovrea Packing Co., and Goodyear Tire & Rubber Co.

Huntington Beach Hits Back:

Unless you want to "get hurt" don't step on the toes of the enterprising city of Huntington Beach. There is a newspaper editor in San Bernardino who knows that today. He had unpleasant things to say about the oil city and said them. And when the editor of the Huntington Beach News read the editorial he got into action. He did such a good job of defending his home town that The Journal is giving space on its editorial page to his reply. You'll enjoy it as you read the other interesting features on that page today.

MARRIED HERE

Less than a month after he married Mary Ellen Busch, 27, before Justice of the Peace Chris Pann in Santa Ana, Robert Sherwood James, above, was a widower. His bride of a few weeks, an expectant mother, was accidentally drowned in the fish pond of their home when she fainted while leaning over the pool, officers decided after an investigation.

Marriage Here of L. A.
Couple Is Ended By
Fatal Accident

Los Angeles police today had decided that a romance climaxed by marriage in Santa Ana this summer ended in accidental death to the bride, an expectant mother.

Last July 19, Robert Sherwood James, 39, of 843 West Fifty-ninth street, Los Angeles, was married to Mary Ellen Busch, 27, of 1329 Verdugo road, La Crescenta, by Justice of the Peace Chris Pann. Justice Pann was sitting in the local court for Justice of the Peace Kenneth E. Morrison.

Tuesday night Mr. James found the body of his wife in the back yard of their Los Angeles home, her head submerged in the fish pond. Her fascination for watching the gold fish, together with her weakened condition, was blamed for her death. Capt. Norris Stensland of the sheriff's office said after a long investigation, that Mrs. James, who was Mr. James' third wife, had fainted and subsequently drowned when her head fell into the pool.

By an odd parallel of fate, Mr. James said his second wife, Wilma, had met death in a similar manner in 1932 in Manitou, Colo.

Ordinance Calling For

United States army engineers, headed by General Jackson of San Francisco, arrived here today to check final details of Orange county's \$11,600,000 flood control project and to confer with the board of supervisors.

Originally sought through Public Works administration, federal financing of the project is now being requested through the United States army engineering board and the application is now in Washington, D. C., where A. Kempe, one of the consulting engineers retained by the county, is watching its progress. Army engineers in San Francisco forwarded the application with their approval.

It also was learned today that the original application, filed through PWA and never withdrawn after the new request was made through the army engineering board, had been approved by the San Francisco office of Public Works administration and forwarded to Washington. That, according to observers, leaves the county in the enviable position of having two applications already in Washington.

Find Better Terms

When the supervisors announced the financing through the army engineering board was being sought rather than PWA, they stated that the switch was made because terms of the latter method of financing were believed to be more advantageous to the county.

Another significant fact that pointed to early approval of the county's application was that Assistant District Attorney W. F. (Please Turn to Page 2, Col. 3)

EQUALIZATION BOARD'S POWER IN JUGGLING WORKERS' FACES TEST

RUMORS BARE NEW MOVING OF HELPERS

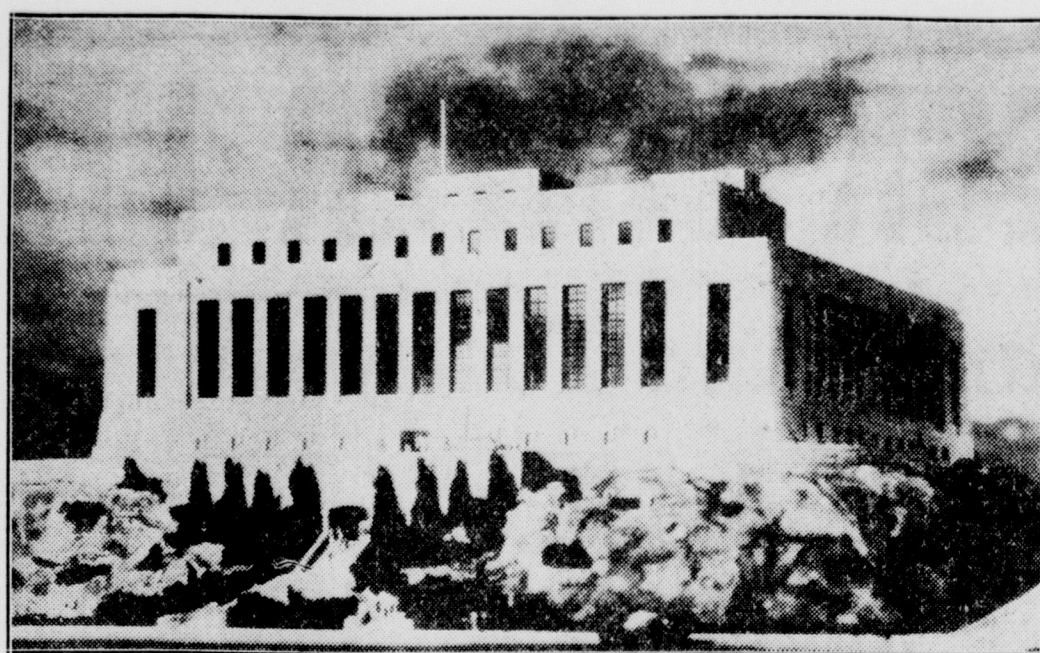

Riley Policies Junked; Member's Daughter Gets Job Back

SACRAMENTO, Aug. 9. (AP)—Newly acquired powers of the 10-day-old Stewart-Shontz-Collins combination on the state board of equalization were tested anew but whether they proved strong enough to restore the relative of a board member to her job and give a board officer a salary increase of \$133.33 a month remained in conjecture today.

The latest juggling of board personnel since July 30, when State Controller Ray L. Riley was ousted as chairman and replaced by Richard E. Collins, Redding, took place at a secret meeting Wednesday night.

Whispered rumors brought it to light through the board's newly formed \$250-a-month publicity bureau and it revealed the junking of all but one of the Riley-sponsored policies.

At first the meeting was denied and it was not until nearly 14 hours later that a partial report of the proceedings was made available through the publicity

bureau. A request to see the minutes brought a response that they had not been "transcribed," and what was represented as a full account of the meeting was not obtained until Thursday night.

A resolution was adopted demanding that the personnel board give back to Lucille Stewart, daughter of Fred E. Stewart, Oakland board member, her civil service status, which she lost with 40 other board employees because of the new state civil service act.

Stewart claimed all the other employees had been restored but from personnel board quarters came a report that "they have not and will not be and neither will Miss Stewart."

Three board employees were demoted. A. H. Flickinger, chief beverage control officer, and D. L. Pratt, chief auditor, were given ratings of Grade 2 auditors, and Frank M. Kessling, chief sales tax counsel, was named attorney for the valuation division. Flickinger was replaced by A. A. Whitaker. Other replacements were not announced.

Returns to \$300 Job

On top of these actions came a report, later verified by the man affected, that Elwood Squires, Sacramento liquor administrator at \$275 a month, would begin his old job of assistant secretary of the board at \$300 a month.

Stewart said he knew of "no plans for this," despite Squires' contrary statement.

The action showed almost a complete reversal of the board alignment under Riley, who had eliminated the publicity job, which was restored to Clem Whitaker on the day Riley was ousted, and had abolished the assistant secretaryship as well as effecting the cut in Pierce's salary.

Whether the board can force the personnel board to restore Miss Stewart to her post remained in doubt as well as the question of whether Whitaker gets his job or Pierce his \$1600 salary increase.

The department of finance must approve all new jobs or salary increases and Finance Director Arlin Stockburger, who is recovering from an accidental gunshot wound, was not available.

SEEK TO HOLD GAS PRICES

A movement was under way here today among independent gasoline dealers to maintain a third structure gas price at not less than 10.9 cents. A large number of the dealers were selling at that price, although it was reported that at six or eight stations lower prices still are in effect.

According to Lloyd Shearer, member of the board of directors of the Retail Petroleum Dealers association here, the majority of the independent dealers here agreed at a recent meeting that the 10.9 level should be maintained. Mr. Shearer said he and Clifford Alexander, secretary and treasurer of the local organization, were attempting to bring about a general observance of the 10.9 cent price.

In Los Angeles it was reported today that a concerted movement was under way to maintain an 11-cent price.

The majority of the major oil companies operating here are maintaining a price of 12½ cents, although a few are as low as 10.9 cents, Mr. Shearer said.

PERJURY SUSPECT WINS MORE TIME

Arraignment of Oscar Bruskey, Garden Grove rancher, accused of perjury, was continued until next Friday by Presiding Judge James L. Allen in superior court today, on request of O. A. Jacobs, attorney for Bruskey. Bail of \$2000, under which Bruskey is at liberty, was continued.

Bruskey is alleged to have committed perjury at an alimony hearing some weeks ago in which he testified that he could not contribute to the support of his estranged wife, Mrs. Margaret Bruskey, as he was without funds. A short time later he reported the theft of \$1300 from his pocket while he was intoxicated. The money was recovered by deputy sheriffs and the perjury charge filed.

WHITTIER BOY IS JAILED HERE

Leonidas Johnson, 17, of Whittier, was brought from his home to Santa Ana yesterday by deputy sheriffs and booked at the county jail on charges of burglary. According to information given officers, Johnson has been a resident of California for only two months. On August 5, Johnson assertedly entered a bedroom in the home of T. M. Davis in Surfside Colony, near Sunset Beach. Johnson was working for Davis at the time, and assertedly stole \$5 in cash from the bedroom. Mr. Davis also accuses the boy of stealing approximately \$30 from the cash register in a bait store where Johnson was working.

Johnson has been certified to the juvenile court, and according to officers, has admitted the theft.

Judge Allen Named Defendant In \$43.38 Court Suit

Superior Judge James L. Allen today learned that he had been named defendant in small claims suit for \$43.38. The plaintiff in the case is A. W. Leichtfuss, Buena Park rancher.

According to Judge Allen, some time ago he loaned Mr. Leichtfuss \$100. Mr. Leichtfuss gave Judge Allen a note for that amount, but when the judge tried to collect the loan, Mr. Leichtfuss informed him that he owed \$28 for oranges. The judge was willing, and deducted that amount from the principal due on the note. However, according to Judge Allen, Mr. Leichtfuss still failed to make the note good. Judge Allen sold the note for \$60 to a man who in turn attached Mr. Leichtfuss' property, and eventually collected the \$100.

"Now if you can tell me how this fellow figures that I owe him \$43.38, I'll buy the drinks," the judge remarked after explaining the situation.

U.S. SANCTION OF OIL WELL PACTS ASKED

Roosevelt's Special Message to Congress Urges Action

WASHINGTON, Aug. 9. (AP)—Congressional sanction of state oil conservation compacts was requested by President Roosevelt today in a brief special message.

The president confined his recommendation for oil legislation at this session to approval of the understandings reached among oil producing states.

He transmitted to congress certified copies of the approval of the agreement entered into at Dallas, Tex., last February 16 for control of producers. The certified copies came from Oklahoma, Texas, California and New Mexico.

The president's message to congress:

"Beware of the man who sells flea powder."

In substance, this is the advice of Mrs. A. E. Purington, of 349 North Hispanian street, who yesterday bought a can of flea powder from a peddler who came to her door.

Mrs. Purington has a cat which she prizes very highly. Pussy was subjected to a treatment of the newly purchased flea exterminator, and in a short time became ill. Mrs. Purington took her pet cat to a veterinarian, who informed her that the cat had been poisoned by the flea powder. Mrs. Purington notified the police department, and officers are on the look out for the purveyor of the powder.

IL DUCE SWAYS THE FASHIONS

PARIS. (AP)—European politics has flavored French fashions this season and will probably do so this fall.

The Franco-Italian entente cordiale sealed when the two powers clasped hands at Stresa and Mussolini's gigantic exhibit of Italian masterpieces at the Petit Palais, have peppered the Parisian mode with Italian effects.

More than that the style world predicts it may be the biggest single influence on the coming fall mode.

Colors copied from old Italian masters' paintings, halo hats inspired by the saintly aureoles seen in masterpieces of the middle ages, Renaissance page boy berets and Fra Angelico veils are already being seen, and the style world looks for a score of other Italian influences to break into the clothes limelight with fall fashion shows.

Schiaparelli has launched a Venetian cape for evening wear—a full length hooded affair of deeply crinkled taffeta—and named the head scarfs attached to her evening gowns "Fra Angelico veils."

A nun-like simplicity marks some of the black daytime frocks for late summer wear. They are designed with the simplest necklines without a vestige of color, or touched only with a rim of white, while a few new dinner gowns are cut with the long gloves, tight bodices and full skirts of the Italian Renaissance.

COIN PROPOSALS INCLUDE \$4 'STELLA'

WASHINGTON. (AP)—Some odd proposals for coins have been considered and turned down by congress at various times.

In 1879 there was pressure for a \$4 piece to be called the "Stel-

la." At another time a group wanted a \$1 gold piece coined with a hole in the center.

There was a group which campaigned for the "goloid" dollar to be made in part of gold and in part of silver, with the idea that a dollar made partly of gold would keep its market value no matter what happened to the price of silver.

NEWPORT SEA SCOUT JAMBOREE DELAYED UNTIL NOVEMBER

Sea Scouts of California, Arizona, Nevada and Utah, who were to have gathered at Newport Harbor this month for a regional jamboree, will not hold their celebration until late November, Harrison E. White of the Orange County Scout council announced today.

The event has been postponed until around the Thanksgiving holidays, at which time it will draw a better attendance, it is believed.

LABOR OFFICE CLOSED HERE

The Santa Ana office of the state division of labor statistics, which has been under the direction of Leo Vander Lans, will be closed until September 6, Mr. Vander Lans announced today.

Mr. Vander Lans, who comes to Santa Ana from Long Beach each week to hold hearings on labor questions, said he wished to express his appreciation for the courteous manner in which he had been received by District Attorney S. E. Kaufman, in whose suite the labor office has been located.

The local office is being closed due to the lack of personnel, Mr. Vander Lans said. It was originally opened to accommodate residents of Orange county. Until the office re-opens, labor hearings will be held in the Long Beach office, 211 Jergins Trust building.

YANKWICH WILL SPEAK HERE

JUDGE YANKWICH

Superior Judge Leon R. Yankwich of Los Angeles will appear before members of the Santa Ana Rotary club at their regular meeting next Tuesday noon in the Green Cat cafe to speak on the subject of free speech and a free press. The meeting will be in charge of the newspapermen of the club.

Judge Yankwich, a native of Rumania, was educated in American universities and received degrees from Willamette university in Oregon and Loyola university of Los Angeles. He was admitted to the bar in Modesto. He later moved to Los Angeles, and took up the practice of law in that city.

Judge Yankwich was first appointed to the superior bench in Los Angeles Aug. 3, 1927, by Governor C. C. Young, and has continued in that office ever since. He was reelected in 1934 by a plurality of 210,000 over three other candidates. He has become well known as the result of the publication of several books and articles in current legal magazines, and has lectured on legal and sociological topics before many college audiences.

\$115,000 SCHOOL BONDS ARE APPROVED AT BREA AND OLINDA

TO REPLACE BUILDINGS OF AREA

Rehabilitation Plan Is Winner in Big Vote in Two Districts

BREA.—Voters of the Brea-Olinda high school district and of the Brea elementary school district approved bond issues totaling \$115,000 for rehabilitation of school buildings by overwhelming majorities here yesterday.

The vote on high school bonds, totalling \$55,000, was 301 for and 137 against the issue. Money will be used for rebuilding work at the high school, which is located here. In addition to the bonds voted, trustees hope to obtain another \$55,000 from federal funds and will use \$20,000 from general funds of the school for rehabilitation work.

Sixty-one votes were cast in Olinda on the high school issue, with 57 approving the proposed expenditure and only four voting against it.

On the \$30,000 elementary district bonds in Brea, 256 voted yes and 91 no. A PWA grant of \$63,000 is expected to complete work on the grammar schools, with use of a \$47,000 balance from the building fund.

Brick Dust

By BRICK GAINES

Buena Park's going to kill two birds with one stone, and a paving stone, at that.

For years and years they've held their booster parade along about the time the autumn leaves would be turning if we had any trees with such leaves. It's always been a big affair, with everybody in town turning out to help raise the roof.

This year they have an additional cause for celebration in completion of Manchester avenue through their community.

So they're going to pin on a real one this year. John Schiller, head C. of C. in the town, has appointed Mrs. H. E. Buell to take care of plans for a parade, which she should be able to do, as she's handled it for the past two years. I. D. Jaynes, H. E. Buell, W. D. Cannon and C. E. Lightfoot are the capable committee in charge of the road celebration.

They're going to have a rodeo, street dances, theater party, and lots of other such events, so put a ring around September 27 and 28 in the date book.

I thought I'd been missing something for the past couple of months and just discovered what it is.

I haven't had one of Arch Raitt's barbecue suppers for about that length of time. Arch, "y" secretary for North Orange county, has gained almost national fame for his barbecued suppers. If I told what I really thought about those meals I'd probably have to search for some place to eat regularly besides at home. However, it doesn't seem enough just to say that his famed dinners are "good".

Some epicurian experts might shudder at seeing Arch pull a gunnysack-wrapped package from a hole in the ground, but when he cut open the sack and an aroma arises that's like a cross between a strawberry shortcake, lemon pie and that baking bread you can smell in Santa Ana, I think that anybody'd admit they were ready to eat.

Some day I'm going to ask Arch to figure up how many tons of meat and beans are eaten at his suppers during the year. The figures'll make every doctor in the county faint.

Looks like the marble and grab machines are going to suffer in Laguna, next. The City Dads are looking into the situation there, too. In Anaheim Chief Jim Bouldin gave 'em a couple of days to scam, and they scammed. Jim Pearson in Fullerton did likewise and they did likewise. There weren't nearly so many howls at the edict as lots of people expected.

Today's worry: Where did they get the fish for Brea's free fish dinner? There hasn't been near enough bragging up there for the amount of fish that disappeared at suppertime. I'd like to hear about the big one that got away.

And speaking of fish, Huntington Beach's big bull of the beaches, the 2300-pound sunfish that Joe Farley roped, is reported to be going traveling. There's one fish story where the proof goes out to show the world while the fisherman stays at home.

Pete McConville, the nudister up above Capistrano, said that a week or so ago dozens of people, all from Santa Ana, appeared on visiting day at his fresh-air colony, Olympic Fields. Every visitor said that they had read about the visiting day in The Journal.

The first party that cracks about good nudes traveling fast will be in for a lot of trouble. I thought of it first.

LAD, MISSING WEEK, FOUND

Weak from hunger, but otherwise in good condition, Albert "Buddy" Reasoner, 6, (left) was recovering at his Culver City, N. M., home after being lost six days in the nearby Pinos Altos mountains. His mother, Mrs. J. C. Reasoner, is pictured with him. (Associated Press photo.)

NEW SPORT AT NEWPORT

Paddle Boats Are Popular

Balboa Island Residents Plan Feature

BALBOA ISLAND.—The theme of Venetian nights will again be carried out in the second of the annual summer series of water carnivals sponsored by the Balboa Island Water Carnival Association Saturday night. The parade of illuminated craft will start from the pier at the Balboa Yacht club, pass around the Island and disperse at the foot of Emerald street. J. B. McNally is in charge of boats and Antonio Melillo is arranging music and entertainment.

Featured among entertainers will be the Boat House quartet, headed by J. A. Beck; the Venetian trio, composed of Ned Terwilliger, James Beckwith and Antonio Melillo; selections on the marimba by Misses Merle and Dorothy Ramsey; xylophone solos by H. L. Graybill and harmonizing by the Durston sisters.

ORANGE MAN IS SUMMONED

ORANGE.—August Wellhausen, 80, died Wednesday evening at St. Joseph hospital, after being a patient there for five days. He had been in failing health for about five years. He lived on a ranch near Villa Park, and later at 46½ Plaza Square, for many years. He leaves no survivors. He was a member of St. John's Lutheran church. Funeral services were scheduled for this afternoon at 1 o'clock, at the Shannon Funeral home, with burial in St. John's Lutheran cemetery.

SOCIETY SEEKS TO MEET IN SANTA ANA MUSEUM

FULLERTON.—Permission to use the Santa Ana Memorial museum for a regular meeting of the West Coast Mineral society will be asked by officials of the group, F. B. Wallis of Artesia, president, said at a recent meeting here.

Several meetings in which well known lecturers will address members are planned, and it is hoped that the group will be able to meet in the Santa Ana museum for at least one lecture.

At the last meeting of the society representatives from Santa Ana, Anaheim, Buena Park, Artesia, La Habra, Whittier, Norwalk, Southgate, Los Angeles, Eagle Rock, Redondo Beach, Culver City, Riverside and Rock Springs, Wyo., attended the meeting.

The Rev. Oliver Perry Avery and Mrs. Perry, visiting here from Rock Springs, attended the meeting as representatives of their city.

VISITORS ARE ENTERTAINED AT TUSTIN DINNER

TUSTIN.—Mr. and Mrs. Charles Crawford and son, Dicky, were dinner guests at the home of Mr. and Mrs. E. G. Squires recently. The party afterward attended a ball game in Santa Ana.

Miss Bernice Rash of Los Angeles is returning home Friday after a two weeks' visit at the home of Mr. and Mrs. F. R. Holmes of Newport road.

Edward Shoemaker, Newport road, spent Sunday deep-sea fishing off the coast from Newport Beach. He caught a 19½ pound albacore. Guests at a fish dinner Monday at the Shoemaker home included Mr. and Mrs. Jerry Phillips and children, Jerry, Jr., and Nada Lou.

Mrs. C. Squires and Mrs. Martha Shatto of Tustin are spending this week at Mrs. Shatto's cottage at Newport Beach.

HIRE SCHOOL PLAN ANNUAL TEACHERS SWIM MEET

Orange Budget Is Cut By Board; \$17,800 Lower Than Last Year

ORANGE.—Hiring of two new teachers in the local high school and the adoption of the 1935-36 budget were announced yesterday by the board of education of the school. Miss Virginia Jones will teach journalism and English, taking the place of Miss Katherine Mahaffey, who died in July. She is a graduate of the University of Iowa school of journalism, and has taken her A. M. degree at the University of Southern California. Miss Jane Ellen Anderson will take the place of Mrs. Percy Everett, who has been granted a six months leave of absence. Miss Anderson will teach foreign languages. She graduated from Pomona college and took courses in U. S. C. and U. C. L. A., beside spending a year in the University of Madrid, Spain.

The budget was slashed about \$17,800, calling for expenditure of \$137,440. Instruction will cost \$81,100; administration, \$6460; library, \$3340; operation of plant, \$5150; auxiliary agencies, \$9800; undistributed reserve, \$12,150; special expenses, \$240 and capital outlays, \$2000. A cash balance of \$15,687 was reported and the state will furnish \$64,136, leaving \$57,616 to be raised by taxation in the district.

COAST BODY TO ELECT HEADS

SOUTH LAGUNA.—Officers of the South Coast Improvement association will be elected at a meeting here tomorrow when members meet for a picnic dinner.

Report of the nominating committee included for president, C. E. C. Burnett and Mrs. Eugene Swartzwald; first vice president, R. W. Lowlands; second vice president, Dr. Carl Sumner Knopf; secretary, Mrs. Margaret W. Fiegl; treasurer, H. O. Spencer and parliamentarian, Mrs. Anne Ogden Johnson.

Members of the nominating committee were Dr. Knopf, Elmer L. Crawford, Julia Norton McCorkle, Harriett Schneider and George E. Grant.

NAME DELEGATES FROM CHURCH AT MIDWAY CITY

MIDWAY CITY.—At the monthly business meeting of the Friends Community church held at the Van Steenberg house at Garden Grove, Buena Park, recently, delegates were named to represent the Midway City church at the quarterly meeting at the Alamitos church August 16 and 17.

Mrs. Ruth Pritchard, Mrs. Fred Foley, Mrs. B. L. Kirkham, Mrs. Clara Gill and Mrs. Emmaetta Hart were chosen delegates. Fred Foley was elected an elder in the church and Clarence Wasser overseer.

GARDEN GROVE CHAMBER TO MEET

GARDEN GROVE.—Committees for the year will be named when the chamber of commerce meets on Tuesday at 7:30 p. m. at the chamber offices, President L. W. Schauer announced today. Other business will include a report of the meeting at Laguna Beach at which Governor Frank Merriam spoke. H. E. Yockey will make the report.

Misses Marcia and Clara Carmichael and Lova Holt have just returned from a vacation trip to Middlebury, Ind., where they were guests of Miss Rosemeade Walker, a former teacher at Garden Grove. Miss Walker returned with them and will be a guest at the Carmichael home for several weeks. On the return trip they were joined by Miss Marcella Turner of Orange, at Little Rock, Ark., a teacher in the Garden Grove schools. Miss Turner left early in June for a trip through the Panama canal.

Guests at the home of Mr. and Mrs. R. E. Johnson are their son and his wife, Mr. and Mrs. Robert L. Johnson and son, Bob, and her parents, Mr. and Mrs. R. T. Miller of Dallas, Tex.

Misses Julia Magill and Eleanor Crill attended a concert recently at Hollywood bowl.

BUENA PARK LEGION ELECTS

BUENA PARK.—Lewis Muddock, commander for the past year, was re-elected to head the Buena Park post of the American Legion at a meeting here this week. Dave Stocks was re-elected first vice commander. Tony Ruiso was chosen for second vice commander; L. A. Sopha, sergeant-at-arms; Fred Dukes, historian; C. R. Allin, chaplain and W. R. Rittenhouse, finance officer.

Fred Dukes and Oscar West were named delegates to the state convention in Fresno, with I. D. Jaynes and C. R. Allin alternates.

Entry List Is Opened At Newport; Events Will Be in Channel

NEWPORT BEACH.—Entry lists were opened today for the annual Newport harbor swimming meet to be held Saturday afternoon, August 17 in the north channel at Balboa island. Competition will be limited to residents, either summer or permanent, of the Newport harbor district, officials of the meet said today.

Free-style events for both boys and girls will be held at distance of 25, 50, 100, 220 and 440 yards. A breast and a back-stroke race of 100 yards will be held. Medals will be awarded by the chamber of commerce in all events. Three medals will be given in races of five or more entries, two for four; and one for three.

STATE PARK MEN VISIT EXPOSITION

SAN CLEMENTE.—About 90 men of Company 1945, San Clemente camp S. P. 27, filled up six trucks and went to the San Diego exposition recently. They spent the day seeing sights, as some concessions offered reduced rates.

From 8 to 9 p. m. the camp orchestra gave a concert from the organ pavilion, as a radio broadcast. William Culver, camp member, was given opportunity to play on the Speckels organ from 7:15 to 8 p. m.

Capt. H. E. Mitchell and Superintendent Robert C. Connor accompanied members on the trip. Superintendent Connor, who was seated among many other guests on the platform of the pavilion, received applause and congratulations of the group for the splendid work he has accomplished in inspiring the boys with high ideals and educational interests, members of the group reported.

On Saturday the camp will be honored by two distinguished visitors. Conrad Wirth, assistant director of national parks from Washington, D. C., and Charles E. Wing, engineer in charge of federal cooperative projects in state parks will inspect the camp.

Potential trouper from the San Clemente camp left last night on a circuit of March Field district camps where on one-night stands they will present the two-act playlet, "Local Boy Makes Good."

Theme of the playlet, suggested by Major-General Paul V. Malone of the Ninth Corps Area, discloses helpful methods for the enrollees to obtain outside positions.

PARTY GIVEN AT GARDEN GROVE

GARDEN GROVE.—Mrs. A. J. Kelly entertained a group of friends for a chicken dinner and afternoon of bridge at her home on Russell street recently. Score prizes were won by Mrs. Grace Wyckoff and Mrs. Mabel F. Dunn and the consolation by Mrs. J. E. Tucker.

Guests were Mrs. Charles George and Mrs. Wyckoff of Garden Grove, Mrs. J. M. Jeffers, Mrs. Kathleen Lamy, Mrs. Ida Warrick, and Mrs. Dunn of Long Beach.

Miss Helen Knox left Wednesday for a trip to Oklahoma and Kansas and will join Mrs. Eleanor Casady at South Haven, Mich., to return home. Mrs. Casady, English instructor in the Garden Grove High school, has been spending the summer at South Haven.

SCHOOL BUDGET IS APPROVED

WESTMINSTER.—The board of trustees of the Westminster school district have approved a budget totaling \$30,575 for the coming school year.

The budget will be apportioned as follows: Administration, \$2300; salaries, supplies and other expenses, \$15,375; library, \$350; operation of plant, \$3150; maintenance of plant, \$450; auxiliary agencies, \$950; undistributed reserve, \$2000; special expense charges, \$2200; capital outlays, \$600. Cash balance, July 1, 1935, \$2094.25; state apportionments, \$23,314.30 amount to be raised by district tax, \$5166.45.

NEW BUSINESS OPENS AT BREA

BREA.—Sylvester Wisheart is installing equipment and will open a shoe repair shop at 127 South Pomona avenue within a short time, it was announced today.

PLAY PRESENTED IN PARK THEATER AT ANAHEIM

ANAHEIM.—Due to popular request, "Home on the Range," a three-act comedy, was presented for the second time at the city park theater last night under direction of the playground commission.

Included in the cast were Sadie Green, Verbie Denison, Harry Layton, Ernest Leue, Arthur Casey, Ted Burrell, Vernon Clayton, and Wally Grigg.

Next week's program at the park will be a variety and minstrel show, it was announced by Richard M. Glover in charge of playground activities.

TOASTMASTER OFFICERS SEATED AT ANAHEIM

ANAHEIM.—New officers of the Anaheim Toastmaster's club, installed at a recent meeting, are Dr. C. O. Patterson, president; Arval Morris, vice president and Walter Taylor, secretary-treasurer. Announcement was made at the meeting that William Kohlenberger has been named to the board of governors of Toastmaster International.

DR. TOWNSEND TO SPEAK AT ANAHEIM

ANAHEIM.—Dr. F. E. Townsend, originator of the pension plan bearing his name, will be speaker at a rally in Anaheim park August 27, it was announced at a recent meeting here.

BUDGET FOR OCEANVIEW IS SET

\$27,225 to Be Spent For School During Year, Board Decides

OCEANVIEW.—At a recent meeting of the trustees of the Oceanview school district a budget of \$27,225 was adopted for the school year. No protests were received.

Outlay of the budget will be as follows: Salaries, supplies and other expenses, \$17,495; library, \$250; operation of plant, \$4120; maintenance of plant, \$750; auxiliary agencies, \$2420; capital outlay, \$2165; cash balance, July 1, 1935, \$1,192.68; state apportionments, \$16,326.50; amount to be raised by district tax, \$9,705.82.

Lewis and George Willets, finance officer; C. Stanley Chapman, Clyde Bruce and Harold Troeller, chaplain; W. P. Alexander, historian and D. P. Maynard and Gene Sullivan, sergeant-at-arms.

Clyde Bruce was named chairman of a committee for arrangements for a meeting to be held August 13 during the state convention at Fresno.

RICHFIELD OIL PRESIDENT GOES FISHING LANDS SALE FOUGHT

LOS ANGELES, Aug. 9. (AP)—Supported by an affidavit indicating development of certain Richfield oil company of California properties might increase their value to more than \$40,000,000, three creditors have petitioned the federal court to set aside these assets.

The petition was filed by the Camp Oil company and the Dabney-Johnson Oil and Gilmore-Dabney Gasoline corporation yesterday and an order was issued directing the Richfield receiver, creditors and others interested to appear September 3 to show why the property should not be set aside from any sale until further development would prove their true value.

Richfield holds all the capital stock of the United Oil company of California and 187,780 shares of Universal Consolidated oil company stock, or 52 per cent of the total outstanding. The petition points out that the Standard Oil company is now drilling an oil well on property of the United Oil which has reached a depth of more than 5000 feet, and that Universal has recently completed and placed on production a well near Monte-

WASHINGTON, Aug. 9. (AP)—Seeking relaxation after a busy week of conferences, President Roosevelt put aside affairs of state to leave late this afternoon for a week-end fishing trip.

He invited a party of friends to accompany him. They will board the government yacht Sequoia at Annapolis, Md., tonight for a cruise down Chesapeake bay.

The president still is keeping in mind a longer trip—to the Pacific coast to attend the San Diego exposition. But the exact time depends upon the adjournment of congress. It probably will be late September before Mr. Roosevelt starts for the coast.

RANKIN'S START REMODELING

Business is better. Times are improving.

Those are the slogans at the Rankin Dry Goods Co. store, where a remodeling program is now under way. This information bellow, with further exploratory work being done.

The petitioners contend that if these properties were sold now they might bring little. They submitted an affidavit by Fay L. Wright, a geologist, which indicated development might increase their value to more than \$40,000,000.

is officially supplied by Herbert Rankin, general manager, who now has a crew of contractors and mechanics on the second floor of the Rankin store making such alterations which will, when completed, give to the women of Santa Ana and Orange county one of the most beautiful and attractive departments in which to do their shopping.

Just now Louis C. Dixon and E. C. Berman, architects, and their mechanics are putting in some active hours making the changes in the floor space so as to more easily accommodate customers, and to present with better advantage dependable merchandise, traditional with this organization. The Santa Ana Cabinet company and The Barr Lumber company are supplying the new fixtures, which will embody all of the modern ideas. The color schemes are a revelation in advancement, reflecting all the soothing harmony in shades, and while shades are not an essential to merchandise selection, they do assist in helping make up milady's dress choice.

These alterations and improvements, said Mr. Rankin, make it necessary to move some of the store's most desirable merchandise, and in order to make a quick disposal, a rush sale starts tomorrow.

V. F. W. LEADER REMINDS VETS OF BALLOT ISSUES

Commander G. F. Hendrickson of Ernest L. Kellogg post No. 1660, Veterans of Foreign Wars of the United States, today called attention of voters to two measures which will appear on the ballot at the special election August 13, and asks that constitutional amendments Nos. 1 and 3 be given a favorable vote.

Proposition No. 1 will relieve overcrowded conditions at the state homes and institutions, and in which the veterans' home of California will participate.

Proposition No. 3 will provide an adequate water supply for the four state institutions located in the Napa valley. The veterans' home of California is one of the institutions that has been suffering from the lack of water for many years, and cannot continue its building program until more water is insured.

L. A. PILOT, 20, SETS RECORD

SAN DIEGO, Aug. 9. (AP)—Frank Kurtz, 20-year-old Los Angeles flier, held a somewhat empty laurel today, earned in a three-flag air dash from Victoria, B. C., to Agua Caliente, Mex.

The young pilot, making hurried refueling stops at Seattle, Medford, Ore., Sacramento and Bakersfield, flew the 1200-mile distance in the unofficial time of 13 hours, 41 minutes.

The emptiness of his quest came with the announcement from William Van Dusen, official timer here for the National Aeronautical association, that he was not asked to time Kurtz's arrival. As a result, he said, the pilot's time will not be recognized officially as a junior flying mark.

ARREST BRAVES AFTER ATTACK

YUMA, Ariz., Aug. 9. (AP)—Arrested after the first uprising of its kind in Arizona in nearly 20 years, nine Mohave Indians today faced misdemeanor charges of "unlawful assembly."

The charges were filed by County Attorney Glenn Cople following a thorough investigation of the attack of 30 Indians upon a deputy sheriff in Parker last Saturday night.

Angered when one of their tribesmen was arrested on an intoxication charge, the gang of braves attacked Deputy Sheriff Jim Washum and freed his prisoner, threatening the officer with clubs and stones.

TWO BRUSH FIRES ARE CONTROLLED AT LAGUNA BEACH

LAGUNA BEACH.—Fanned by a brisk breeze, two brush fires started at widely-separated spots on the Irvine ranch yesterday afternoon, but were controlled by the state forestry department, CCC workers from San Clemente and the Laguna fire department.

The first blaze started at 12:45 p. m., at Crystal Cove and 25 acres of grassland were burned before state trucks from Orange, Capistrano and the Irvine park suppression crew and truck could control the flames.

Almost as soon as the first blaze was controlled, a second call came from Laguna canyon, where a small area was burning. The second fire was controlled in a short time. J. A. Sherman, state forest ranger, was in charge of fighting both fires.

LIONS HEAR OF MEXICO TRIP

GARDEN GROVE.—Agriculture in the territory north of Mexico City through which delegates to the Lions' club convention traveled in a very crude state of development, J. W. Crill told members of the Garden Grove club in a report of his trip given at this week's meeting.

Corn is the principal crop grown, he said and instead of a plow a crooked stick with a piece of steel attached to the end is used for cultivating the fields. Very few horses are seen, oxen being used in most instances. There is practically no timber in the territory and all buildings are either adobe or tile, he said.

LOS ANGELES, Aug. 9. (AP)—Ending a fruitless search for his brother, Lieut. Arthur Skaer Jr., army reserve pilot, who disappeared during a test flight August 1, Donald Skaer, Denver business man, was to leave for home today.

STATE GRANGE MEETING IS HELD AT COSTA MESA

COSTA MESA.—Formation of Orange county units of the State Grange and problems of taxation, water conservation and new marketing channels were discussed at a rally of Orange county farmers last night in the Woman's clubhouse in Costa Mesa. The meeting was under direction of the California State Grange.

M. B. Stearns, State Grange deputy, spoke on pressing problems facing farmers. He urged them to cooperate for their mutual benefit.

PLAN PROGRAM AT WESTMINSTER

WESTMINSTER.—Sponsored by the missionary society, young people of the Presbyterian church will present their annual program next Wednesday evening at 7:30 o'clock. Mrs. Clarence Groves will direct the entertainment, which will feature a radio broadcast with Craig Snadell as a radio announcer.

Everyone is invited to attend the entertainment and social hour which will follow. Refreshments will be served. A silver offering will be taken for benefit of the missionary society.

CRUISE BACKER STILL SOUGHT

The first "cruise" of David Graham Fischer's Inter-oceanic university remained such a mystery today that Mr. Fischer was listed in Los Angeles as a fugitive from justice. Yesterday a complaint had been issued charging him with grand theft. A number of persons came to the district attorney's office and told of giving Mr. Fischer money to finance their children's participation in the university's tour.

Deputy sheriffs, with a warrant for the man's arrest, have been unable to locate him. Deputy District Attorney Williams of Los Angeles has raided the university's offices in a downtown hotel. Miss Carleta Caldwell, his secretary, said she knew nothing of his financial dealings. The officials are preparing to seize the records.

Mr. Fischer, who explained his scheme to the Kiwanis club here several weeks ago, had in his files a list of prominent Southern California people whose sons or daughters might be prospects for his inter-oceanic university project.

Marc Van Ness, former hotel man in the Orient, told the offi-

WHO IS THIS MR. BEARDSLEE, ANYWAY

It won't be long now, if you've an interest in nautical events, until you'll be trekking down to Newport to watch one of the world's greatest boat spectacles—the International Star boat series. It starts August 23 and ends August 28.

It is of double interest to Orange county folk because it so happens that a Newport man—one Harlan F. "Hook" Beardslee, is just now the International champion. He won the title in San Francisco last year, along with a lot of other titles in a season, and that's why the series will be held here. Boats will be here from nearly every country in the world that has Star boat enthusiasts.

Until a second copy of the Pacific Skipper reached us this morning the name "Hook" Beardslee was just the handle of a champion. We saw it in the sporting news every day or so.

Maybe a lot of you readers don't know what the year's champion means. It's a title that you'll find a story in The Skipper about him very interesting. We did.

According to this story, "Hook" started sailing when he was about 7 and has been going at it in top-rung style ever since. He once owned a 35-foot Lake Eerie boat which was named Intruder and also had a 20-foot cat boat tagged "Aloha."

He was born in Chicago in 1900, which probably gives him such a good knowledge of breezes, but he didn't take up star racing until he came to California. In succession he has owned and sailed the Barbara J, the Moira and now has an interest in the star ship By-C, the same with which he won the title last year and will use to defend his laurels this summer.

So far, 1934 has been his greatest racing year. He started by winning the mid-winter Star event, bested the Star skippers at Santa Monica during the Southern California Yachting association regatta and then clinched the season by beating the world's best in San Francisco.

For all this, besides a stack of records, he has won the year's outstanding skipper by the Yacht Register of Southern California—and many a boatman would commit mayhem for that honor.

He lost the mid-winter regatta to Glenn Waterhouse, ace-high San Franciscan and then came back by taking the Sir Thomas Lipton trophy from Dr. Niels Martin, the defender.

THIS AND THAT IN SPORTS WORLD

You can expect a shift in the scene of the Olive-Santa Ana game next week despite the recent yowling.

Lou Daro, manager of L. A.'s House of Horrors, alias the Olympic auditorium, had an answer for the fire commission yesterday when they haled him in for overcrowding his house at wrestling shows.

"It's because too many firemen and policemen come in free," alighted the impresario, "and it was right it seems... at that the grand street baron puts 10,000 credulous in at most of his mat meetings... the Stars had better concentrate on the Oilers and the coming playoff instead of frittering away time with an alleged all-star team from the county league... although it may be financially nice, they may suffer costly embarrassment..."

20-30 Nine Takes Advantage of Errors to Beat Elks, 5-4

BACK TO CALIFORNIA!

CULVER, Ind., Aug. 9. (AP)—The National junior singles tennis championship today appeared California bound for the third straight year. As the struggle for the title, vacated by Gene Mako, entered the semi-finals, three of the four survivors were Californians, Joe Hunt and Bob Riggs of Los Angeles and Robert Harman of Oakland. At least one Californian was sure to reach the finals.

STARS GET REBOIN FOR TITLE SERIES

SERVICE MEN FAVORED TO WIN TITLE

Hanson Outclasses Joe Cornelius; Mitchell Clouts Home Run

What has happened to Ken Miller's Elks?

Conceded to be one of the smoothest fielding units in the eight-team circuit, the B. P. O. E. nine failed, however, to impress its followers by booting away the second game of the City Night Ball league's title series to Roy Burns' 20-30's by a score of 5 to 4 last night.

Five errors by his teammates robbed Southpaw Armand Hanson of a second victory over the service club's Joe Cornelius, who was attacked twice as viciously while yielding 13 hits to Hanson's five.

The 20-30's, who scored only one earned run last night, have won the first two games, and now have only to annex one of their next three starts to become '35 champions. The third game will be played Monday.

Fred Bell Smacks Triple Consecutive singles by Dave Styring and LeRoy Levens and a couple of passed balls gave the Elks two "gift" runs in the first, but they earned their other two on "Porky" Bell's triple and Len Stafford's single in the second. Stafford's single in the second, and doubles by Bell and Stafford in the eighth. Bell's first drive sailed into the leftfield bleachers, and would have been a home run instead of a three-bagger had it not bounced back into the playing field.

Larry Mitchell clouted his second homer of the series for the 20-30's. It was a fast-traveling, low drive that rolled down the right-field sidelines with none aboard in the fifth.

The Servicemen's other four counters were of the unearned variety. One came in the third on a walk and two wild pitches. Jeff Jefferson's single was muffed by Tony Kneip in center in the seventh. Jefferson circling third and racing on home after Right-fielder Len Stafford retrieved the ball, and threw wildly past third base. Catcher Herb Rowe was the "goat" in the eighth, after Johnny Lutz had planted a double into center following Darwin Scott's walk.

Bowe allowed a slightly through his legs and Lutz and Scott scampered home with the tying and winning runs.

Schwarm Has 600 Mark Bob Schwarm, the league's best hitter at .524, garnered three safe blows to continue to lead the series with an average of .600. Mitchell is closely behind with .556.

FIGHTS LAST NIGHT

(By The Associated Press)

INDIANAPOLIS: Chuck Woods, 140½, Detroit, outpointed Tracy Cox, 140½, Indianapolis (10).

Mrs. Chapman Wins Golf Crown at Willowick Course

Mrs. Charles Chapman is the new women's golf champion at Willowick.

An erroneous report yesterday credited Mrs. Pearl Adams of Santa Ana with victory over Mrs. Chapman in Wednesday's finals. Chapman registered 97's with Mrs. Chapman defeating her rival on the eighteenth green.

Willowick golfers will participate in a two-ball foursome for men and women at their West Fifth street course Sunday, with selective drives on each hole.

Le Mon Scores Three 'Wins' In Ring Battle

If you want to figure on principal, Young Lupe Le Mon of Fullerton won three fights in one battle at Orange County Athletic club arena last night.

DOUBLE FEATURE

There are bathing beauties and swimming beauties. Here's Wilhelmina Youngman, who proved her aquatic prowess by completing a two-mile ocean swim at Atlantic City. The picture tells the other part of the story.

OILER BEES WIN AGAIN

Chuck Urban Peltzer and his vastly-improved Class B Oilers of Huntington Beach continued on their merry way to the County Night Ball league's second-half title by crippling Irvine's pennant chances, 11-5, at Irvine last night.

San Juan Capistrano received a severe beating from Fullerton, 16-2, on the Capistrano field, while Manager Chet Congdon of the Missions tested the services of a new pitcher, young Ed Kelly. Kelly yielded 10 hits and 9 runs in the second, and with the game apparently lost, Congdon left Kelly in for experience. Vern Rockwell and Roy Reno clubbed homers for Fullerton in the third and fourth. Kelly hit for the circuit in the fifth.

The Brea-Placentia game will be played at Brea tonight.

MRS. B. W. McCLURE WINS MEDAL PLAY

Medal play for ladies at the Santa Ana Country club yesterday resulted in a victory for Mrs. B. W. McClure, who covered the course with a 65-16-79. Mrs. L. J. Bushard and Mrs. H. H. Harwood tied for second, with cards of 97-15-82 and 94-12-82.

Turf for some of the principal tennis courts at Seabright, N. J., was imported many years ago from England.

LOUIS LIKELY NEXT CHAMP SAYS GOULD

Brown Bomber Called Hardest Hitter Since Jack Dempsey

By ALAN GOULD

Associated Press Sports Editor

NEW YORK, Aug. 9.—There no longer can be the faintest doubt in the minds of the flistic followers that Joe Louis "has it," meaning that he has the punch and the all-around ring qualifications to become the next world's heavyweight champion—if and when he gets the chance.

Solely on his record, the Brown Bomber is an absolute standout in the heavyweight ranks. He is the hardest hitter since Jack Dempsey and apparently a better finisher.

Real Challenger

If Louis disposes of Max Baer in a match virtually certain to take place at New York's Polo grounds on September 26, there will remain not the slightest question as to the logical challenger for the crown plucked from Baer's erratic locks by James J. Braddock.

Just how, when and where Braddock and Louis might be brought together for the first mixed title fight since Jess Willard knocked out Jack Johnson at Havana 20 years ago remains a subject for the ballyhoo birds to warble about.

Braddock is under contract to Madison Square garden. Louis is tied up with the Mike Jacobs-Twentieth Century Milk Fund combination.

Baer Short-Ended

The consensus among fight experts is that Louis will beat Baer decisively, whether or not the Californian regains something approaching the form that carried him to the top. The feeling is that Baer, a rugged but wild swinger at best, is made to order for the Brown Bomber's short-range fire.

It's the logical match, by far the best drawing card boxing has had in prospect since the Golden Era, and the one remaining chance to give Louis a real test this year.

It can draw a "gate" of close to \$750,000.

JACOBS PUTS LOUIS-BAER FIGHT ON BLOCK

CHICAGO, Aug. 9. (AP)—Promoter Mike Jacobs turned auctioneer today for a 10-day stand with one of the greatest fight card naturals since the era of the million dollar gates under his hammer.

Jacobs' prize article on the block was the Max Baer-Joe Louis fight to be held September 26 or 27.

New York, represented by the Twentieth Century club, was a slight favorite although Chicago, led by the Sporting Club of Illinois, a new organization headed by several millionaires, still had a big chance. Jacobs said money would do the talking and that he would not accept either bid for 10 days.

"The club making the best offer will be given the match," Jacobs said.

WRESTLING

(By The Associated Press)

TORONTO, Ont., Danno O'Mahoney, 222, Ireland, threw Jim Browning, 239, Verona, Mo., in 40:52; Gus Sonnenberg, 202, Lynn, Mass., threw Al Mercier, 209, Springfield, Mass., 24:30; Howard Cantonwine, 238, Portland, Ore., threw Ernie Zeller, 232, Indianapolis; Mayes McLain, 234, Pryor, Okla., drew with Fred Myers, 208, Chicago, 30 minutes.

Representing the home forces will be Helen Jacobs, three times national champion who lost a bitter, sensational final to Mrs. Moody at Wimbledon; Mrs. Sarah Falfrey Fabyan of Brookline, Mass.; Carolyn Babcock of Los Angeles; Mrs. Dorothy Andrus of Stamford, Conn.; Mrs. Ethel Burkhardt Arnold of San Francisco, and Mrs. John Van Ryn of Philadelphia.

Mrs. Hazel Hotchkiss Wightman, donor of the cup the United States defended successfully in England last year for the fourth straight time, will be non-playing captain.

U. S. DRAWS STRONG TEAM FOR WIGHTMAN DEFENSE

NEW YORK, Aug. 9. (AP)—Faced with a bitter struggle to retain the Wightman cup without the services of Helen Willis Moody, the United States has drawn up its strongest available forces for defense of the international women's tennis trophy against the British at Forest Hills, August 16 and 17.

Representing the home forces will be Helen Jacobs, three times national champion who lost a bitter, sensational final to Mrs. Moody at Wimbledon; Mrs. Sarah Falfrey Fabyan of Brookline, Mass.; Carolyn Babcock of Los Angeles; Mrs. Dorothy Andrus of Stamford, Conn.; Mrs. Ethel Burkhardt Arnold of San Francisco, and Mrs. John Van Ryn of Philadelphia.

JIM THINKS BACK TO WHEN...

With all the big talk going on about Joe Louis and Max Baer, present-day heavyweight ring leaders, Jim Jeffries, still hale and hearty, looks over his prosperous Los Angeles meat market and sometimes likes to think back to June 9, 1899, at Coney Island, N. Y., when he knocked out Bob Fitzsimmons in 11 rounds—and to August 14, 1903, when he won over Challenger James J. Corbett.

Hubbell. They whipped Schumacher 7 to 4, routing him in the fourth, and trimmed Hubbell, 6 to 3. The threatening Chicago Cubs beat the Pittsburgh Pirates 9 to 5.

As the result, the league leaders faced the Phillies again today holding only a two-game advantage over the Cubs and a three and one-half game margin over the Cardinals, who were idle.

The Detroit Tigers widened their gap over the New York Yankees in the American league to five games by defeating the Chicago White Sox 5 to 2 while the New Yorkers were dropping a 9 to 6 decision to the Athletics.

The Yankee-Athletics contest marked the 1600th successive game in which Lou Gehrig had played. He contributed his eighteenth homer and 366th circuit drive since starting his string June 1, 1925.

CHAMPS PLAY AT ANAHEIM TONIGHT

Merle Urbine of Flyers Will Be in Uniform; Olive Tilt Shifted

Merle Urbine, highly-rated southpaw first baseman from Westminster, will be in a Santa Ana uniform when Tom Denney's first-half champion Stars close the fifth round of their night-ball season against Vic Ruedy's Valencias in Anaheim at 8:15 tonight.

Figuring in even a more sensational deal was Alvin Reboin, Olive's formidable catcher, who becomes Santa Ana property at the start of the sixth round next Tuesday. Reboin has been acquired in exchange for the services of Leavitt Daley, who will report to the Grenadiers next season. Al will make his debut against his ex-teammates in the Olive game which has been shifted to the Municipal bowl next week.

The Reboin deal was completed in a conference between Ben Gelker,

F. D. R. CALLS OFF SCOUT JAMBOREE

WASHINGTON, Aug. 9. (P)—Cancellation of the national Boy Scout Jamboree planned here August 21 was announced by President Roosevelt late yesterday because of the prevalence of infantile paralysis in this section.

The President acted after a conference with Hugh S. Cunningham, surgeon general of the public health service; Commissioner George Allen of the District of Columbia, and Chief Scout Executive James West.

A White House statement said the number of infantile paralysis cases "was not considered to be unduly alarming" but it was decided "it would be to the best interests of the Scouts and all concerned to cancel the Jamboree."

Mr. Roosevelt agreed to address the Boy Scouts and their leaders by radio in their respective camps throughout the country at 8 p. m., eastern standard time, Wednesday, August 21.

WHITE SEES MOVE AS BEST POLICY

Harrison E. White, chief executive of the Orange county scout council, offered the following comment today regarding cancellation of the jamboree in Washington.

"We are glad here that national headquarters cancelled the jamboree under such conditions. The scouts certainly do not want to take the chance of helping spread the infantile paralysis disease, which would be endangering not only themselves but their families throughout the United States."

Approximately 30,000 scouts had signed to attend the celebration.

Mr. White is awaiting further details from Washington, D. C., in regard to what will be done with all the applications and plans which have been made this year. Fortunately, the national committee carried insurance, and will not suffer any financial loss, Mr. White said.

Fees paid by Orange county's delegation of 16 scouts will be refunded. Those who were to make the cross-country trip were John McBride, Louis Markel, Charles Spicer, Glenn Layton, Harrison E. White Jr. and Don Fritchard. Santa Ana, Chester Culp Jr. and John Cleary, Tustin; Howard Moore, Orange; Gordon Walker, Placentia; Robert Cook, San Juan Capistrano; Robert Beach, Anaheim; Eugene Newman, Phill Twombly and Paul Egeler, Fullerton, and John Callahan, Huntington Beach, along with two leaders, Alvin Koenig and Harold Goddard.

POMONA, Aug. 9.—Of particular interest in connection with the preparations for the largest Los Angeles county fair in its history at Pomona, September 13 to 29, inclusive, is the announcement by fair officials of the men and women selected to head the various major divisions of the exposition.

In practically all cases they are the same as they were last year, and include the following: Alex Wilson, live stock; L. E. Sheets,

ADDITIONAL SPORTS CLUB TO HONOR BEAVERS SMACK BEARDSLEE REDS DOWN

NEWPORT BEACH.—A reception and dinner Saturday night in honor of H. L. "Hook" Beardslee and Myron Lehman and nearly 30 other members of the Newport Harbor yacht club upon their return from San Diego was announced today. They have been competing and attending the first annual Blue Star races at the southern port, where Beardslee and Lehman, in the "By-C," captured the Pacific coast championship.

Local members now in San Diego include James M. Webster, in charge of sailing maneuvers and secretary of the international regatta committee; Commodore and Mrs. H. W. Rohl, aboard their yacht, "Ramona," with Mr. and Mrs. George Vibert as guests; G. L. Johnson in his "Ocean Waif," and guests, Ambrose Wycoff, John Daniels and Bill Marshall; Bill Remington's "La Volpe," with Mrs. William Remington sr. and Mr. and Mrs. Holt Bradford and guests in the "Blue Goose"; Bob Moffatt, William Lyons, in his "P. C."; Walter Hubbard, Bill Bartholomae, Rear Commodore and his yacht "Mystery"; Leon Heasman, Mrs. R. B. Cook, Charles Stone, Dr. J. M. Kolisch, Fred W. Lyons, Mr. and Mrs. James Sussdorf.

HOOLAHAN GETS MAT FEATURE

With Wild Bill Hoolahan, the former heavyweight fighter who has won five consecutive matches at the Orange county athletic club, definitely signed to appear in one of the feature spots on Monday night at the Orange county arena, Promoter Sampson is busy today attempting to sign either Ed (Stranger) Lewis or George Zaharias as Hoolahan's opponent.

If the match is made, in all probability Sandor Szabo, the Hungarian Adonis, whose H-lock forced Jim Browning to go a full hour to a draw and handed several others, including the popular Casey Columbo, a terrific struggle here, will face Brother Jonathan, the bearded Mormon giant, in another headline attraction.

(By the Associated Press) Gilbert English, agile Portland third baseman, is probably picking gravel out of his chest today, but he should be happy.

His nose-dive catch of Oscar Eckhardt's line drive defeated the Missions yesterday, 5-4, and pulled the Reds out of the Pacific Coast league lead. English not only dived through space to put out Eckhardt, but he recovered and heaved to first to double out Al Wright and end the game.

This was the third time this week the Reds and Beavers have settled their games by one-run margins.

Joe DiMaggio poled out a long home run with two mates aboard to help San Francisco beat Sacramento, 8-4, and climb back on top of the pack. Both clubs played loose ball, making six errors apiece.

The Seattle Indians scalped Los Angeles, 5-4, to end the Angels' five-game winning streak. His were frequent, 22 being scattered throughout the game.

Turing loose a flock of bunts in the second inning, Oakland snapped out of its slump and turned back Hollywood, 5-1. Three runs came in through bunts. Frankie Hawkins, with two hits knocked in the other two.

NEW PORTRAIT STUDIO OPEN

Alan Beisel and Ranfe Sullivan announce the formal opening of their portrait studio at 425 North Sycamore street on Saturday.

The studio has a ground-floor location, is modernly equipped, and inviting in its appointments. Messrs. Beisel and Sullivan have equipped their studio with the latest equipment and are prepared to serve all photographic orders. In order to enlarge their acquaintance and to give the public evidence of their photographic art they have an opening special which will be available but for a brief time, an 8x10 portrait, nicely mounted, for \$1.

On Mondays and Saturdays the studio will be open until 9 p. m.

TWO BIRTHPLACES?

San Darcy (above) communist candidate for governor of California in 1934 and delegate to a gathering in Russia, faces possible indictment for perjury, according to Capt. FORMER MATINEE IDOL IS DEAD

SAN BERNARDINO, Aug. 9. (P)—His star of fame long since fallen, a one-time idol of the theatrical world lay on a slab in the county morgue today, alone and virtually forgotten.

He was Monroe Salisbury, who years ago was a leading man for the noted Mrs. Minnie Maddern Fiske on Broadway, and later achieved success and stardom in the early days of motion pictures.

Salisbury, 59 years old and in ill health, entered the Patton state hospital here last July 2. Last Monday he fractured his skull in a fall, and died three nights later.

COLLECTION OF \$438,495.33 IN DELINQUENT TAXES SETS MARK

REMOVING OF PENALTIES AIDS WORK

Installment Payments, Other Changes Help Swell Treasury

Delinquent taxes amounting to \$438,495.33 were collected during the fiscal year just ended, County Auditor W. T. Lambert announced today. This sets a record for recent years, said Auditor Lambert, who cited 1932 when delinquent tax collections amounted to \$321,999.72 and 1933 when collections totaled \$208,911.16.

The increase in delinquent tax payments, Auditor Lambert said, is largely attributable to assembly bill No. 1034 which offers unusual inducements to property owners who have allowed their tax payments to become delinquent.

Removes Penalties
This bill removes all penalties if taxes are paid not later than August 31, 1935, if the property has delinquent taxes for 1934-35 or previous. Delinquent taxes for 1934-35 do not come under this provision unless they are coupled with previous delinquencies. Otherwise interest is charged, but no penalties attached.

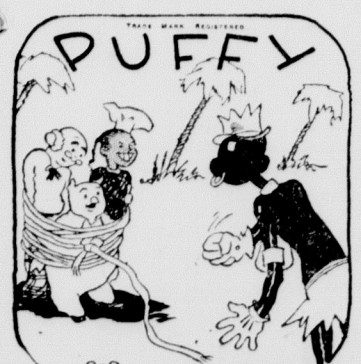

The law also allows installment payments of taxes, with conditions about the same as contained in previous similar laws. It allows up to April 20, 1936, to start payments. It also allows payment in full of taxes after September 1, 1935, and up to April 20, 1936, with interest at 7 per cent from July 1, 1934. These provisions do not apply to 1935-36 taxes which become due Nov. 1, 1935.

Anticipate More
"We anticipate large collections of delinquent taxes during August," Auditor Lambert said. "As the new law is interpreted, persons who have paid installments, and have been charged interest, may have this interest credited on taxes if payments are completed in August."

"One large company which has many pieces of property in Orange county on which it has made installment payments, has asked that we prepare figures to show the amounts required to pay in full. It will take credit for interest paid."

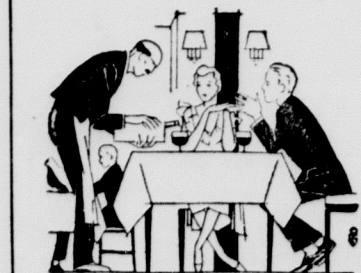

"Another company with extensive holdings is contemplating paying in full. If this company pays in August it will take credit for interest already paid in. Besides, it will finish payments with no penalties or costs."

JEAN AND BILL SHOP FOR PANS—IS IT LOVE?

HOLLYWOOD.—Fresh impetus was given today to rumors of an off-screen romance between Jean Harlow, platinum-haired movie star, and the debonair William Powell.

The two, known as ultra-sophisticates of the films, were sighted shopping in a Santa Barbara store yesterday—in the pots and pans department.

FALLING BOULDER KILLS COLORADO RIVER WORKER

RIVERSIDE.—Another fatality in the construction of the Colorado river aqueduct was added to the list today. A. B. Wood of Los Angeles was knocked off a scaffold by a falling boulder and killed yesterday in the Pushawalla tunnel project near Indio.

DOCTOR DIES IN AMBULANCE, POLICE PLANNING PROBE

LOS ANGELES.—Authorities today indicated an investigation would be made into the death of Dr. A. D. Mortensen, former San Francisco chemist, who died in a hospital-bound ambulance last night after he had been taken into custody by police on a San Francisco warrant charging forgery.

Local officers serving the warrant found Dr. Mortensen sick in bed, and called the ambulance. Dr. C. E. Cornal, attending surgeon, said the man apparently suffered a heart attack.

RESCUED HIKER BETTER; CAUSE OF INJURY MYSTIFIES

YOSEMITE.—Robert Tate, 35, of Ingewood, Cal., who was seriously injured before being rescued from a ledge far up on precipitous Half Dome, in Yosemite valley, was reported "improving" by physicians here today, but the exact manner in which he was hurt remained a mystery.

While marooned on the almost vertical face of the mountain overnight with a companion, Miss Elizabeth Lirimer, 23, of Chicopee, Mass., Tate fell and suffered a broken shoulder and a slight skull

fracture. The two were rescued by rangers Wednesday.

Tulsa Life Guard Bemoans Lack Of Drowning 'Honies'

TULSA, Okla., Aug. 9. (AP)—Harold Bowers, life guard, is getting pretty disgusted about all these stories he's heard about the handsome life guard and all the pretty girls squealing for help just to be dragged out in his manly arms.

Harold has taken 36 persons from the pool this year and there wasn't a "swell looking girl" in the lot.

"All the femininity I've rescued has been either 11 or 12-year-old kids or grandmothers," Harold lamented.

L.A. OFFICIAL ARSON TRIAL WITNESS CIVIL SERVICE PROBE END DENIED

Called as a defense witness in the case of Edward Tabor and Jess Sibley, charged with conspiracy and arson, Dr. George Parrish, Los Angeles health officer, yesterday admitted under cross-examination by District Attorney S. B. Kaufman that less than a year ago he had signed a contract with a sales corporation to recommend to other health departments a certain type of sewer flusher manufactured by a corporation of which Tabor is president.

Tabor and Sibley are being tried in department 2, superior court, on charges that grew out of the fire in 1932 that destroyed the Huntington Beach apartment house owned by Tabor. John Rose and Henry Eli were convicted of arson in connection with the fire. It was a statement to District Attorney S. B. Kaufman, signed by Rose in San Quentin prison, that resulted in the arrest of Tabor and Sibley.

Says Heard Threats

The information from Dr. Parrish came through questions asked by District Attorney S. B. Kaufman in an attempt to show that the Los Angeles county official has been closely allied with Tabor for several years. Dr. Parrish on direct examination had told a story of hearing the mother and wife of John Rose, convicted arsonist and prosecution witness, threatening Tabor in an attempt to extort money from him.

Prior to admitting having signed a contract to recommend a certain type automatic flusher, for which he was to receive \$1 on every one sold in certain designated territories, Dr. Parrish testified that he had served as health officer in Los Angeles from November, 1924, to October, 1931, when he was dismissed by Mayor Porter, and was reappointed to the office by Mayor Shaw in 1933. He also testified, on cross-examination, that Mayor Shaw's wife was a former secretary of Tabor's.

\$1 on Each Sale

Under the contract which Dr. Parrish admitted having signed with the Maddox Sales corporation, he was to receive \$1 for every Maddox automatic flusher sold in California north of Fresno, and in the states of Oregon, Washington, Idaho, Montana, Wyoming, New Mexico, Utah, Arizona, Colorado, Nevada, Indiana, Illinois, Ohio and Pennsylvania.

Under terms of the contract Dr. Parrish was to "use his best efforts and endeavors in recommending and soliciting the various health departments in connection with the disposal of sewer flushers from the standpoint of sanitation and health protection." For the duration of the contract he was also required "to recommend the use of Maddox automatic flushers and not recommend any other type flusher."

In Tabor's Office

Under cross-examination Dr. Parrish said he had known Tabor for approximately 10 years, and that after his dismissal from office by Mayor Porter he rented an office in Tabor's suite in a Los Angeles building for his personal use during a recall campaign he was conducting against the man who had removed him from office. It was while he was

SACRAMENTO, Aug. 9. (AP)—The answer to the mystery of a sudden temporary halt to a senate civil service inquiry was sought today by Senator Edward H. Tickle, Carmel, one of the members, who said it was "not over by a darn sight."

The senator hurried to Sacramento after learning that Chairman Sanborn Young, Los Gatos, had written Senator Jerrold Sewell, Roseville, suggesting that the investigation be delayed several weeks.

Flood of Rumors

Senator Tickle was met with a flood of rumors as he arrived in the capitol but he denied the truth of one report that the investigation was about to "blow up" and said he did not "believe" another that some committee members had become apprehensive because of rumors that "liquor interests" were seeking to control the extent of the inquiry.

He insisted that all "we're interested in is getting politics out of civil service," and holding a meeting here before August 20, when all probationary state employees will be blanketed into permanent civil service.

Tickle denied any knowledge of a "deal" at the time of the Los Angeles inquiry into the board of equalization offices there, resulting in the ousting of Ray L. Riley, state controller, as chairman.

School Board Bans 'Too Grim' Mural; Artist Protests

LOS ANGELES, Aug. 9. (AP)—Artist Leo Katz today planned an appeal to PWA officials in Washington, D. C., against the "spiritual murder" of one-half of a war-and-peace mural he painted on the wall of a trade school.

The alleged murder was committed by the board of education, which decided Artist Katz' conception of war was a little too grim for students of the school. The board, ending a protracted dispute over the matter, ordered the war part removed. The peace idea, it agreed, was all right.

Katz waxed indignant at the decision. "I didn't paint the murals for the board, but for the Public Works administration," he exclaimed. "I'm going to take this matter up with Washington."

In this office, according to his testimony, that he heard the asserted blackmail threats against Tabor. He also admitted that he had come to Santa Ana, after Tabor's arrest, and visited the district attorney to intercede for his friend. He said that this intercession prompted by his belief that "Tabor was innocent of the charge."

He admitted that he had not told the district attorney at that time of the purported conversation between Tabor and Rose's mother and wife.

Further hearing of evidence in the case was adjourned until Monday at 11 a. m. by Presiding Judge James L. Allen.

Color Factory is Built For Anaheim City Park To Mix Flower Pattern

(This is the fourth of a series of articles having to do with the establishment and development of the Anaheim city park, one of the outstanding cultural and recreational institutions of Southern California. The series is intended to be informative to those cities which do not enjoy park facilities. Santa Ana is listed in the latter classification.)

By ROCH BRADSHAW

A new color factory was taking form in the Anaheim city park today. A factory where all the shades of red, blue, yellow, green and their various combinations will be mixed with care before Rudolph Boysen, park superintendent, scatters them over the flower beds and borders in beautiful patterns.

The color factory is something that Mr. Boysen has wanted for some time, something he designed himself. When completed in the next few days it will look like a glasshouse to the layman, but to Mr. Boysen it will be a place where he can manufacture with care and accuracy the beautiful shades of color with which he decorates the Anaheim park from season to season.

The making of color for a park is a job which requires planning and careful scheduling, the park superintendent explained yesterday. A certain flower will give you a certain color at a definite time of the year—if you plant the seed at the right time and arrange your working schedule so you can set out the plants when they are ready to go into the ground.

Work Is Planned

When there are 12 men to care for 20 acres of park grounds, and when they also must care for 9,000 trees along Anaheim streets, as well as the city's 50-acre orange grove, their work must be planned so there is no loss of time. And the park must always present the attractive, colorful appearance which is drawing hundreds of visitors from all over the Southland daily.

The chief advantage of the color factory or glasshouse is that there won't be any casualties of young flowering plants if a cold snap comes along. Mr. Boysen explained. Inside he will have a "hot bench," electrically heated and controlled by a thermostat, where he can maintain even temperatures. With this system there won't be any worry about a bare spot in the park pattern in case a freeze tries to take away the growing color. The "hot bench" will take care of that.

Changes By Seasons

Mr. Boysen likes to talk about flowers and shrubs. They are the materials with which he has made Anaheim's park one of the brightest and most popular spots in the Southland. With them he changes the aspect of the park from season to season. In the latter part

STATES' WORK RELIEF AID LAGGING

WASHINGTON, Aug. 9. (AP)—The problem of inducing states and cities to provide for their own "unemployables" today was declared to be the major one confronting officials conducting the shift from the "dole" to the \$4,000,000,000 work relief program.

Reiterating that after November 1 the federal government would put up money only for jobs, Harry L. Hopkins aimed sharp criticism at states he contended were not making provision for those unable to work and so excluded from the new federal program. Every state, he insisted, is able to care for its unfortunate unless it is "unusually-minded."

Hopkins estimated that states and cities would put up \$600,000,000—compared with the federal government's \$4,800,000,000—during the 12 months beginning July 1 to provide for unemployables and help pay for work relief projects.

Hopkins listed what he termed two signs of progress:

1. A decline in the relief population from 19,250,000 in May to 17,937,000 in June.

2. An increase in the number of work relief jobs provided to 550,000, including 425,000 members of the Civilian Conservation Corps, 105,000 on works projects, and 20,000 on other federal activities.

SIX ARRESTED ON BENCH WARRANTS

As the result of the issuance of 107 bench warrants for failure to pay traffic case fines, by City Judge J. G. Mitchell last week, officers have been busy making arrests. Yesterday, Santa Ana police handled six such cases. The following men were served with the bench warrants yesterday:

Wayne Eugene Lemon, 1628 West Eighth street, paid \$5; Sam E. Prentice, 519 East Second street, paid \$15; Young Wilhoit, Los Angeles, paid \$5; Arthur Melendy jr., Los Angeles, paid \$10; and Joe Placentia, 927 East Pine street, was arrested and booked at the county jail because he was unable to pay the fine.

Clubwomen of County Enter on Last Vacation Month Before New Year Starts

New County Chairman Chosen

Redlands Woman Is Appointed Chairman of Club Juniors

With the September page on their calendars dotted by dates of meetings of individual clubs and various federation divisions, Orange county members of the California Federation of Women's clubs are enjoying this month the last of their summer vacation from federation.

Plans for an early Orange county federation board meeting, slated for Wednesday, Aug. 25, at Huntington Beach, will be released soon by the new county press chairman, Mrs. Leon T. Gillilan of Placentia, who was appointed this week by the county president, Mrs. Archibald M. Edwards of Fullerton. Mrs. Edwards made the appointment just before starting for General Grant park on a vacation trip. Mrs. Gillilan, a past president of Placentia Round Table club, has been active for years in federation work.

"Big News"

The just-published issue of the California Federation News, which was placed in the mails yesterday, carries "big news" of the appointment of Mrs. E. W. Shirk of Kimberly Crest, Redlands, who has spoken many times before Orange county clubwomen, as new general federation chairman of juniors. Mrs. Shirk last year held the vice-chairmanship of juniors, and previously held the southern district chairmanship, which this year is being filled by Mrs. E. D. White of Santa Ana.

Especially interesting in view of the Redlands woman's appointment by Roberta Campbell Larson, new general federation president, is the fact that Mrs. Shirk's mother, Mrs. J. A. Kimberly, started the junior clubwoman movement on the Pacific coast, whence it spread throughout the United States.

One Other Appointee

Choice of Mrs. E. D. Knight of San Francisco to serve as chairman of the general federation board of trustees is the only other California appointment. Mrs. Larson has yet announced.

Miss Josephine G. Seaman of La Jolla, junior past president of the California federation, will leave England, where she has been visiting relatives, the middle of next month to return home by way of New York. She will start sometime after Oct. 1 on her departure for the new president of the Western Federation of Women's clubs, of which the press chairman is Mrs. Frank Rosapaw of Placentia, editor of the Federation News.

CHARIVARI GIVEN FOR LECRIVAINS BY NATIVE SONS

Imposing surprise host and hostess duties on Mr. and Mrs. Julius Lecrivain, Native Sons of the Golden West held a charivari for the newlyweds at the home of Mr. Lecrivain's parents, Mr. and Mrs. Emil Lecrivain, in Talbert, last night.

Presentation of a pottery vase was made by Ivan Harper on behalf of the organization as a gift for the new home which the young Lecrivains plan to build. Mrs. Lecrivain was formerly Miss Donna Crawford.

Bridge and 500 were played during the evening, and refreshments were served.

Guests present were Mr. and Mrs. Walter Giesler, Mr. and Mrs. Harry Fulton, Mr. and Mrs. Ivan Harper, Miss Pauline Lecrivain, Joe Callens, Betty, and Harold Giesler of Talbert, Mr. and Mrs. J. A. Crawford, parents of the bride; Mr. and Mrs. Walter Hickey, Mr. and Mrs. Wilson Selvidge, Mr. and Mrs. Carl Schroeder and E. F. Marks.

YOU CAN WEAR IT—WITH A SMILE!

No wonder the young miss in the picture is so happy over her jumper frock! It's youthful, it's charming, it's comfortable. With a change of blouse it will look like a different frock—quite an asset for the miss whose clothes budget is limited. Made right now—it will fit into the fall fashion picture like magic. Particularly if you choose a natty new cotton pongee (green flecked with yellow and white) that looks like wool, or a novelty crepe. The blouse is made of off-white celanese novelty crepe.

ESTELLA DANIEL HEARS PROBLEMS OF MISSIONARIES

Chinese missionary problems were discussed by Harry W. Lewis at the meeting of the Estella Daniel Missionary society of the First Presbyterian church held last night in Jack Fisher park. A pot-luck supper at 6:30 o'clock preceded the business session.

Mr. Lewis' son is stationed there at present and it was largely from experiences related by him that Mr. Lewis drew his information.

Mrs. Lewis led the group in devotionals and singing. Round-robin letters were sent to Miss Mayme Brightwell in the east and Miss Clara Taylor who is in Tacoma, Wash.

Present were Mr. and Mrs. Otto J. Hawley, Mrs. Ethel I. Taylor, Dr. E. J. Kuhne and Mrs. Kuhne, Mrs. Arthur L. Eels, Mr. and Mrs. Leon Lauderbach, Mr. and Mrs. Woodman, Miss Abby Chapman, Miss Louise Chapman, Mrs. Agnes K. Anderson, Mr. and Mrs. E. L. Bride-Elect Y. L. I. Slates Honored At Shower

Miss Catherine Hull of Orange, September bride-elect of Francis Hall of Santa Ana, was complimented at a bridge party and kitchenware shower given by a former Santa Ana Junior college classmate and fellow Moav, Miss Eulabelle Smith, Wednesday evening, in the home of Miss Smith's parents, Mr. and Mrs. M. L. Smith, South Harwood street. Mrs. Smith assisted with the hostess duties. Pink and white flowers and tea service were used in the home. Mrs. Glenn Feldner (Florine Pollock) and Miss Virginia Lee Harper won prizes in bridge. After the play, the guest of honor was given her gifts to open.

Guests also included Mrs. W. F. Hall, Mrs. George Berry, Mrs. Merrill Barker, Miss Natalie Neff and Miss Virginia Lee Harper. Also Miss Ardith Parham, Irvine, and Mrs. R. W. Hull, Miss Catherine Rowland, Miss Mildred Rohrs, Mrs. Evelyn Richardson and Miss Ethel Arrowsmith, Orange.

The Thinkers

Wherein women of the community express their views on topics of particular interest to women.

Do you believe in children skipping grades in school?

Miss Helena S. Christiansen: It's according to their ability. I don't think it's good to hurry a child too much.

Mrs. F. W. Slabaugh: Sometimes a teacher feels a child is ready to skip a grade, and that he will lose interest and become discouraged if held back. In that case, I believe to skip ahead only means he will gain new enthusiasm and work along happily. I don't like too big a jump in school, however.

Mrs. Ray Wolven: I don't approve of it. It often necessitates a difficult adjustment for the child.

Mrs. Dale Griggs: It all depends on the child. Some children skip grades and get away with it. One disadvantage is, it puts a child in a class of individuals older than his friends would normally be, and sometimes he feels left out of things. If a child can start in school at the right time and keep going as he is supposed to, I think he finishes quite early enough.

'If In Doubt'

E. S.: The perfect clubman conducts himself as a gentleman at all times. He does not allow himself to become irritated with a new member or a member's guest. In short, he follows the golden rule.

Pritchett, Little pottery nuptials and clusters of brown and yellow flowers completed the table appointments.

Mrs. B. H. Sharpless, Mrs. W. D. Ranney and Mrs. Aldric H. Worswick won prizes in contract.

Other guests were Mesdames C. M. Rowland, J. F. Burke, E. M. Nealley, J. E. Gowen, E. E. Keech, S. M. Davis and Perry Lewis, and Miss Beulah May.

SUBSTITUTE GIVES LUNCHEON FOR THURSDAY CLUB

Following a tradition established this summer by other substitutes for other clubs, Mrs. Lillian Pritchett of North Rose street repaid the numerous courtesies she has enjoyed as a substitute player in the Thursday club bridge by entertaining the club members at luncheon yesterday in Hotel Laguna, Laguna Beach.

Mexican figures were painted on the luncheon placecards, each of which bore a clever jingle written for one of the guests by Mrs. Pritchett.

Y. L. I. Slates Events For Summer

Late summer holds a busy social calendar for members of Capistrano Y. L. I. if plans made at their meeting in the K. of C. hall last night are fulfilled.

A plunge party for the last of August was left to the direction of Miss Rosemary Ashen and Miss Geraldine Haupt. The Ebell clubhouse will be the scene of a fall fashion show and card party in September. Mrs. R. H. Sandoz and Mrs. Leslie Harrison were named co-chairmen of the event. Assisting them will be Mrs. Clara Lippitt, Miss Rose Colombini, Miss Margaret Young, Mrs. Clyde Taylor and Mrs. Ethel Johnson.

Weekly benefit parties for the coming month are to have as their hostesses Mrs. Fred Dierker, Mrs. Julius Meyers, Miss Geraldine Haupt and Miss Angela Ohysor-zable.

"Orange county history and government" was the topic of a talk made by Supervisor William C. Jerome following the business meeting.

A report by Mrs. Clyde Ashen on confraternity of Christian doctrine revealed that 200 Mexican children had attended the six-weeks summer school, for which the Y. L. I. had provided materials. Business accomplished at the recent state convention was recounted by Mrs. William Maaz, while Miss Mary Louise Dierker made a report on the social events of the conclude.

Refreshments were served by Mrs. Mary Bowden, Miss Helen Klatt, Mrs. Elizabeth Knight and Miss Aline Colombini.

MISSOURIANS ARE SHOWN GOOD TIME DURING VISIT

Mrs. Gus Runge and her daughters, Misses Margaret and Helen Runge, of Brookfield, Mo., who have been spending a week visiting Mr. and Mrs. G. E. Bruns of Spurgeon street, are being shown the Southland's hospitality in a series of informal parties given for them.

Last evening, Mr. and Mrs. Herman Bruns entertained with a barbecue dinner in their honor, at the Bruns ranch home near Anaheim. Wednesday evening, Mr. and Mrs. Plummer Bruns opened their home and their attractive patio garden for a barbecue party. Guests included the Missourians and their hosts and Miss Virginia Bruns, Mr. and Mrs. Richard Cribaro and Miss Nellie Bruns.

FORMER COLLEGE FRIENDS HAVE REUNION IN HOME

A group of former college friends were reunited Wednesday evening at the home of Mrs. A. Lee Staton jr., 432 West Santa Clara avenue. Contract bridge was played.

The hostess served a dessert course. Present were Mesdames, and Mesdames Arthur Cohn jr., C. R. Wallace and Lee Staton jr., Miss Virginia Miller and Don Fielding.

PALM SPRINGS RESIDENT VISITING

Mrs. Russell Reagan and her infant son, Ronald, rank, of Palm Springs, are spending the month visiting her parents, Mr. and Mrs. F. W. Slabaugh of West Santa Clara.

Mary Stoddard Favored Child Presents Problem to Mother Who Would Rear Her Entire Family Alike

By MARY STODDARD

Many people bewail the spoiled "only child" of a family, but far worse is the son or daughter who has been favored above other children in the family. Nothing presents such a difficult problem in rearing a family of children as to have one of them better liked than the others. Inferiority and superiority complexes result, and the parent in charge has a real character difficulty to solve.

Following is a letter from a mother who finds her husband ill-treating one of her children.

Silver Date Celebrated At Party

Married 25 years ago yesterday, Mr. and Mrs. B. C. Bellomy of 417 West Washington street were the center of festivities last evening when they, their daughter, Miss Doris Bellomy, and Joe Parks returned from an anniversary dinner party at the Dixie Castle to find a group of friends at the home ready for a surprise party. Their daughter had planned the party.

Court whist was played. Carl Morgan, Mrs. Jessie Newson, Mrs. Lena Newson and Harry Steelman won prizes.

Pink amaryllis and white shasta daisies decorated the rooms. White crystal and pink nuptials and flowers were on the card tables when Miss Bellomy served raspberry parfaits, coffee and a white wedding cake topped by silver wedding bells.

Quantities of silver anniversary gifts were given the honored couple.

Guests included Messrs. and Mesdames Charles Newson, Will Newson, Dan Murphy, Carl Morgan, and D. Stevens, La Habra; Mr. and Mrs. Harry Steelman, Atwood; and Mrs. Marie Jessup, Mrs. Lily Parks and Joe Parks, Santa Ana.

Directions: Put together with mayonnaise, and serve on lettuce leaf.

ITALIAN DINNER PARTY GIVEN BY JESSICA McCLAIN

An Italian dinner party followed by an evening of bridge was given by Miss Jessica McClain last evening at her home, 411 South Main street. Her sister, Miss Alma McClain, assisted in hosting.

Colorful appointments were used in serving the Italian menu. Miss Rosalind Schilling won high score in bridge.

Other guests were Miss Patricia Ferris of Anaheim and Misses Florence Turner, Mary Jean DuBois, Margaret Guard and Mae Hasenjaeger, Santa Ana.

Wider Skirt New Paris Fashion

PARIS, Aug. 9 (AP)—Wider skirts appeared today as winter fashion show openings reached their height.

Many stained velvet and changeable silk afternoon frocks were designed with fairly full skirts falling in soft folds. Crepe wool frocks had knife pleated skirts.

The skirts in suits and many day dresses, however, retained their slender, tubular lines.

The outstanding day colors were black, bottle and veronese greens, brown and grey.

The dressier winter coats were generally black, designed in slender lines and often belted.

Black astrakhan was by far the favorite trimming, with broadtail shag lamb running second and foxes third.

Many black coats had big, black astrakhan and fox collars muffling the throat. Others had small, standing collars, many with fur applications.

There were pockets everywhere. Even afternoon coats sometimes had a pair of hipbone pockets, while suits and wool dresses often were designed with four pockets, two above and two below the waist.

Draperies appeared in the evening mode. Dark lace chiffon gowns were designed with two long draperies hanging from each shoulder to the floor or sling draperies falling from shoulder to knee.

Pot-luck luncheon at the summer home of Mrs. F. H. Cloyes at Three-Arch Bay, Laguna Beach, is the event scheduled for the past matrons association of Hermosa chapter, O. E. S., for Thursday, August 15 at 12:30 o'clock.

Each guest is to bring her own table service. Information on transportation can be received from Mrs. C. F. Mitchell at 1015-R. Officers of the association will be hostesses for the luncheon.

SAUCES FLAVOR MEAT DISHES

Piquant sauces bring added flavor to many meat dishes. Here are some that are unusual and satisfying.

Tomato Mushroom Sauce
5 tbsp. fat 1/2 tsp. salt
1 slice onion Few grains pepper
3 tbsp. flour
1 1/2 cups tomato 1/2 cup mushrooms
Melt 3 tablespoons fat, add onion, stir and cook till brown. Add flour. When slightly brown add tomato, salt and pepper and stir till sauce boils. Cook 5 minutes. Slice mushrooms and pan-fry 3 minutes in 2 tablespoons fat. Strain sauce over mushrooms. Serve over small meat cakes.

Barbecue Sauce
Simmer 30 minutes 1/2 pound butter, 2 1/2 cups water, 1/4 cup vinegar, 1 teaspoon mustard, 1 tablespoon each of sugar, paprika, 2 teaspoons each of salt, chili

THIEF FILCHES FLAG
SAN DIEGO, (AP)—A thief believed to have worked in full view of hundreds of persons in daylight stole the Brazilian flag at the entrance of the court of pacific relations at the exposition here.

Sauce for Meat Loaf
1/2 cup melted butter 1/2 tsp. tabasco sauce
1 tsp. salt 2 tsp. Worcestershire sauce
1 tsp. black pepper 1 tsp. prepared mustard
1 tsp. paprika 1/2 cup water
Dash red pepper 2 tsp. sugar

Use this sauce in basting meat loaf.

Raisin Sauce for Boiled Tongue
Two tablespoons butter in which 1 tablespoon flour is browned, 1/2 cup milk and 20 raisins which have been simmered until soft.

Beef Steak Casserole Sauce
2 tbsp. butter 1/2 tsp. salt
2 pint boiling water 1/2 green pepper
1/2 cup tomato juice 1/2 cup onion
Pour the following sauce over round steak and bake in a casserole.

ALUMINUM LIGHT POSTS?

Layton Asks Public Opinion

How would Santa Ana look with its street light standards painted an aluminum color?

Councilman Ernest Layton, street commissioner, said today he is contemplating submission of a project to the Works Progress administration for repainting every street light standard in the city. Mr. Layton has been pouring over color charts, observing the standards in other cities, and has decided tentatively on aluminum, with a darker color around the base.

However, he pointed out today, this shift in color would make a decided change in the appearance of the city's streets. The light poles always have been a darker shade.

Mr. Layton has made up his mind to conduct an experiment in city government. He decided today to ask for the public's advice on the subject. He realizes, he said, that there may be people who are definitely opposed to aluminum as the color for the light standards, and he wants to give them a chance to express themselves.

On the other hand there probably are many persons who would favor this color. Mr. Layton wants to hear from both groups. He requested today that anyone who has constructive ideas on the subject write him a card or a letter setting forth his views. He

made a special request, however, that citizens use the mail instead of the telephone. The reason for this, he said, is that his telephone is needed constantly for his business affairs.

And so those who wish to take an active part in helping to govern their city have their opportunity today. Mr. Layton is trying out an experiment. He is asking for the public's guidance in handing this part of the city's affairs. Shall the city's street light standards be painted in aluminum? Or shall some other color be used? That question is squarely before the citizens of Santa Ana.

COOL DESSERTS ARE TEMPTING

Something to tempt the eye as well as the appetite is the aim of every cook who plans her summer meals with care. Such are these cool desserts.

Cantaloupe and Blackberries
Slice chilled cantaloupes crosswise without paring into 1/2-inch slices. Remove the seeds and pare. Place one slice on each serving plate and fill with chilled blackberries. Tuck a sprig of mint in each mound of berries and serve at once.

Pineapple Camille
Cut fresh pineapple and cover with orange juice. Chill and serve at once.

Prune Cream
1 1/2 cups sweetened condensed milk 1/2 cup prune juice
3 tbsp. lemon 1/4 cups prune pulp
The prunes should be prepared ahead of time. Soak and cook them in the usual way but use no sugar. Pit and force the prunes through a strainer. Into the sweetened condensed milk stir the lemon juice and continue stirring until the mixture thickens. Add the prune juice and pulp, mixing thoroughly. Heap into sherbet glasses and set in the refrigerator to chill. The glasses may be lined with lady fingers if desired.

Raspberry Ice Cream
1/2 cup sweetened condensed milk 1/2 cup sugar
1/2 cup water 1 cup whipping cream
Blend the sweetened condensed milk and water thoroughly. Add the raspberries which have been crushed and mixed with the sugar. Average raspberries require about 1/4 cup sugar. Chill. Whip the cream to a custard-like consistency and fold into the chilled mixture. Pour into the freezing pan of an automatic refrigerator. After the mixture has frozen to a stiff mush remove from the refrigerator. Scrape the mixture from the sides and bottom of the pan and beat for 2 minutes. Smooth out and replace in the freezing unit for 1 hour or until frozen for serving.

SHOE EXPERT TO AID WOMEN HERE

An opportunity to take advantage of the information of an expert shoe fitter will be available August 12, 13 and 14 at the Famous Department store, when J. M. Knowles, the factory representative of the Enna Jettick Shoe company, will be present to assist the women in making selections of footwear which will give them the comfort so much sought. Mr. Knowles is an expert on shoe fitting and shoe relief.

According to Peter Colanichick, store manager, the new line of Enna Jettick shoes has just arrived. He says they are famous as "America's smartest walking shoe."

To further assist the customer, the Famous has installed a new fitting device so the foot can be measured properly for the correct size. Mr. Colanichick says he is anxious for women to see this well-known and nationally-advertised line of shoes.

READY MADE WIFE

BY CORALIE STANTON

SYNOPSIS: The unexpected return to London of Rex Moore, the airman supposedly lost in the Pacific, has exposed the desperate life of Laurie Moore, told to save herself and her sister from a still more desperate situation. She has told her employer, Mark Albery, that she is Moore's widow, now Albery is forced to pretend to be overjoyed, although she does not particularly like him. Rex and Laurie must pretend to be happily married for Rex to hold his job.

Chapter 11 MOVING IN

A porter brought Laurie's bags up in the elevator to the third floor. As she opened the front door with her key, a panic seized her.

Was Rex here? No. He had dressed and gone out. She was rather late. Her friends at the office had kept her talking, congratulating her on her husband's miraculous return. She had smiled and thanked them. How often in the last 24 hours she had with a driven fatalism burned her boats behind her!

Her husband. It was a joke, of course. It was a very humorous situation. But it did not seem a bit like one now that she was alone in the flat and would be alone until Rex Moore came back.

How could she have been so crazy as to consent to this impossible position? Where was her pride, her independence, her self-respect? She went over all the arguments toilsomely, as she put a kettle on to boil on the electric stove and made a pretense of getting herself some supper.

She owed it to him. She had stolen his name; she had lived on it for two years. So had Glad, through her. It was the least she could do to pretend to be his wife for a little while.

She drank her tea, but could not eat anything.

She went into her bedroom and unpacked. It was an austere apartment in dull blues with a large built-in wardrobe and a man's high dressing-table. All polished wood and plain coverings. No feminine touch. Her rose-colored dressing gown looked almost indecent, she thought, with a twisted smile.

She looked into Rex Moore's bedroom opposite at the other end of the flat. It was intended for a man-servant. Very comfortable, too, but plainer than hers.

He seemed to have no luggage but the suitcases she had seen in the train. His day clothes were neatly piled on a chair.

Could it be possible that she was going to share this flat with that man of the train? She was filled with a fierce hatred of him again. He was cruel, inhuman; a monster. He must have been able to find some other way than this.

She went out for a stiff walk for an hour and could hardly bring herself to go back. When she did, she fetched her sewing into the living room.

It was a little before 11 when Rex Moore came in, and saw Laurie's chestnut head bent over the shimmering sky-blue material of Glad's evening frock, a patch of color that looked joyously fantastic in that severe brown room.

Every light was on in the flat, which he noticed at once.

"Good evening! Afraid of being alone in the flat?" he asked. "Why didn't you keep the woman?"

"I'm not afraid." She raised her head and gave him a startled glance. He looked so different in evening dress, so much more sophisticated. She hadn't noticed it last night at Mark Albery's. She had been too confused to notice anything, too busy fighting to keep her composure, to appear natural, so say the proper thing.

"Everything went fine," he told her. "It won't take long to fix things up. Albery is keen on my trying the Pacific again. So am I. When you've crashed badly, it's no good funkling the same trip. It's a secret, mind! Even from you. Would you like a drink?"

"No thanks." Laurie was quite cool now.

"Mind if I have one? A toast to our new home!"

He laughed, but not mockingly. He was evidently very pleased with his evening.

He thought only of himself, the girl told herself. "Tomorrow night we'll go out to dinner and a show, if you like," he went on. "You mustn't be bored. And we shall have to have a few people here. I hope this woman can cook. There are some men in my own job, and I met a man to-day who was very decent to me in America. We must keep the

FATHER, AIDED BY GIRL, SEEKS TO GET GUARDIANSHIP

Armed with an affidavit signed by his 14-year-old daughter, June Harriet Rodgers, John Rodgers, Doheny Park cafe man, was to appear in court here late today in an attempt to change a previous court order giving his divorced wife, Mrs. Anna Sapho, custody of the child from September 1 to July 1. In the affidavit June said that she now wants her father to be her guardian and that a previous nomination of her mother "was not my personal wish" and was signed "at the suggestion of others."

SUNDOWN STORIES

THE MAGICIAN

By Mary Graham Bonner

Willy Nilly knocked at the door of the magician's house.

"Who is there?" answered a voice from within.

"Willy Nilly, and Christopher Columbus Crow, and Mrs. Quacko Duck," the little man shouted back.

"Squeal, squeal, squeal," came from the voice of something very much like a pig. "I hope you've brought me something to eat and that you'll scratch my back."

Nothing to Eat

"We haven't anything with us to eat," said Willy Nilly, "but we'll scratch your back."

"You will, huh?" came from the gruff voice of a man. "But then again,

sounded like that of a little chirping bird. "I don't care about having my back scratched, thank you."

Willy Nilly, Christopher and Mrs. Duck looked at each other. They were very much puzzled, even though they knew they were at the house of a magician.

Very Friendly

"Have you a lot of animals in there?" Willy Nilly shouted.

"We're very friendly, you know. We're from Puddle Muddle. In

fact I am the only person over there. The others are animals."

"Why would I want a house full of animals?" came from the gruff voice of a man. "But then again,

HIT-RUN DRIVER SENT TO PRISON

Benjamin Jaure, 26, who pleaded guilty as a hit-and-run driver and asked for probation, was denied leniency by Presiding Judge James L. Allen in superior court today and sentenced to San Quentin prison. Jaure had admitted failure to stop after an automobile collision on the Anaheim-Olive road last June. Two persons were injured in the crash.

of course why wouldn't I want a house full of animals?"

"It's very difficult talking through a closed door," shouted Willy Nilly, "and we've come to call on you."

"Very difficult indeed to talk through a closed door," came from a voice that sounded like the meowing voice of a cat. "And I'll certainly have to return your call before long."

VACATION SALE, DRIVE OPENED

In cooperation with police departments and safety organizations throughout the country, Orval Lyon, local manager for the Goodrich-Silvertown store, announces the opening of the store's annual vacation sale and safety drive campaign.

"No car is safe on the highway these days without proper equipment, and tires are a first requirement," said Mr. Lyon. "Heat as great as that of boiling water is generated in tires being driven on hot roads at high speed, and a tire which resists the heat and prevents blow-outs is the kind the autoist should use."

Mr. Lyon points out that not only tires but brakes must func-

With your own hands—

you "DATE" the new BEN-HUR Uniflo ROASTED COFFEE when you turn the key that breaks the Super-Vacuum Seal!

TRY THIS—USE LESS Ben-Hur coffee because "Uniflo" roasting preserves from 15% to 20% MORE of the rich flavor oils. It will be far too strong if you follow measurements advocated for other brands. SAVE MONEY! Get far more delicious coffee—and many more cups per pound!

VOL. 1, NO. 86 Friday, August 9, 1935

JIM FARQUHAR DELIVERS

JIM FARQUHAR, editor of the Huntington Beach News, is nothing if not a loyalist to his home town. In a recent issue of his newspaper he so thoroughly, yet courteously, replied to an editorial in the San Bernardino Sun which spoke slurringly of Huntington Beach, that the "San Berdo" man must feel something like King Levisky did after Joe Louis "polished him off" Wednesday night. Said The Sun:

Huntington Beach has been ruined by oil wells. California need pay no more attention to the scenic surroundings of that community.

Said The Huntington Beach News:
The editor of the San Bernardino Sun is talking through his hat. His comment appears in conjunction with a reshaped balderdash of Governor Merriam's veto of the Huntington Beach tideland bill and reveals a colossal ignorance of the entire local tideland picture.

That Huntington Beach has waged a heroic fight to maintain her civic existence is true. But her progress and civic advancement have not only been steady and constant but have been nurtured by the wealth which came from the oil which it was predicted would ruin the city. True we have a workshop here. We also have a parlor.

Instead of being "just another beach town," this city boasts a year 'round pay roll of half a million dollars monthly.

It is oil money that built schools here so complete and palatial, visitors from all over the country go away rubbing their eyes and wondering where we keep the Aladdin's lamp.

It is oil money that built in Huntington Beach a \$50,000 city auditorium and a \$250,000 concrete pier unequalled on the coast. The three-mile municipally owned Ocean Front Park is without a parallel in point of facilities and improvements in California.

If the editor of the Sun will crawl out of his shell and get acquainted with some of his neighbors, he will find that San Bernardino annually contributes thousands of visitors who prefer Huntington Beach to any other seaside resort and that a large number of San Bernardino families who in other years have escaped the gawdawful heat of San Bernardino by summering at other beaches, are now announcing that from now on Huntington Beach will be their summer home.

If the editor of the San Bernardino Sun will pay a visit to Huntington Beach, he will not only learn something about her \$350,000,000 tideland oil pool, but he will find a contented population of 3700 souls who live in modern homes on wide tree lined streets, dotted here and there with beautiful neighborhood parks. He will learn that the city not only has a substantial sum in its treasury but that it has the greatest tax value per capita of any city in the state.

His aesthetic sensibilities will not be so disturbed by the nearby presence of tall steel oil towers, when he realizes that without them there could be no beautiful civic center with its majestic City Hall, Memorial Auditorium and Municipal Club House, free for the use of all.

If he cares to play golf he will find one of the best kept nine-hole courses in the west. If he likes deep sea fishing, he will find boats making hourly trips from the pier to the best deep sea fishing grounds in Southern California.

If he will bring his children they can swim in the surf or the warm salt water plunge. If he leaves them to enjoy the wealth of beach playground apparatus provided, a competent director will care for them. And finally, his family can enjoy a picnic dinner with shelter, tables, stoves and even gas, all furnished free by the city.

As the sun sinks to rest behind Catalina and the mountains inland take on a purple haze, the editor will see the pier lights flicker on above the Pacific. Perhaps then as he pauses to contemplate the place in a material world which is represented by the local oil revenue, those tall sentinels of the night topped with twinkling lights, will take on a new majesty and a new meaning in the starved inhibited soul of the editorial hermit from the hinterland.

A BULWARK FOR DEFENSE?

REPORTS have it that a new ray utilization has been worked out by the army, which would give quick knowledge and range finding for repelling possible attacks of bombing planes or battleships.

It is to be hoped that these reports are verified, as America is a nation interested in defensive rather than offensive warfare.

These hopes could be logically supported by the experience of the world in the development of the defense and offense in battles. Terrible as the development of death dealing weapons has been improvements in defense have always kept pace. In fact, the statistical records of the world war show that \$25,000 was expended for every man killed.

While the value of dollars cannot be compared with the value of human lives, this statistical fact should be a protection for humanity.

Waging war at a cost of \$25,000 for every enemy soldier killed is not only barbaric, it is also insane—for even the most brutalized, rapacious and territory-greedy nation.

SANTA CLAUS

BACK in Washington today the bureau of crop estimates will have figures to show it will be necessary to import wheat next year. Wheat prices will reach top levels. Yesterday hogs went to \$12.

The administration has about five billion dollars to spend in public works.

There will be a Presidential election next year. Jim Farley says, "You don't shoot Santa Claus."

Electing a republican congressman from Rhode Island doesn't seem to matter much, after all.

Shop-lifting spoils in New York
shops and stores is estimated at
half a million a week. The loss
has grown some during the de-
pression but not as much as ex-
pected. The great obstacle to
tightening up on shop lifters is
the back-fire of suits. A shop-
lifter nipped in the act can claim
absent-mindedness and show money
in hand to pay and unless there's
a police record the establishment
faces costly action. The wait-on-
yourself stores, such as Klein's in
Union Square, are targets for lift-
ers. But if they are trapped the
prosecution is severe.

One of the queens of shop-lifters
some years ago had the name of
a sentimental novel heroine, Kitty
O'Dare. She was in fact, although
a rose-cheeked blonde, of Turkish
descent, taking the name bestowed
while caroling in the Atlantic Gar-
den on the Bowery. Kitty car-
ried to her pilfering behind
spanking bans, visited only the ex-
clusive establishments and basket
in the grandeur of her ten hotels
and cafes. She was finally caught,
did a stretch and for a dozen years
was one of the blowy hags around
Brooklyn Bridge, begging and
sleeping in hallways. Frank O'Mal-
ley wrote a de profundis classic in
the old Sun when they found her
one morning dead in the doorway
of a gin mill.

On a crowded subway bound for
a Fulton street newspaper office
one morning I had a sickening
close-up of a pickpocket at work.
Wedged in the swaying mass, it so
happened my gaze fell on a ser-
pentine hand running lightning-
like over the pockets of a news-
paper reader next to me. Like the
dart of a cobra, the hand went
into a hip pocket, brought out a
purse and in a flash transferred
it to someone I could not see.
What I shall never forget was the
casual, detached expression of the
pick, doubtless keyed to nerve snap-
ping business. The entire inci-
dent flickered like a movie episode
and vanished.

But most fascinating of my notion
is an ocean greyhound, the card
shark of the liners. Invariably he
has savor faire, is a party dress-
ing and often adept at several lan-
guages. He isn't in his calling but
a few months until he is tagged by
ship officers who warn with post-
ers: "Professional Gamblers
Aboard." Thus he must put wits
against almost overwhelming
odds, size up his victims within 48
hours after sailing, jockey them
into crooked games and take his
chances. Few criminals teeter so
perilously on the dangerous edge
or are so constantly at bay. Yet
seldom are they caught. Many
now silver-haired have been tak-
ing chances for 25 years. And
still go on the ganplancks.

Reverie in E. flat: I was day-

choicest and most select vintage
wines in France. Such are the
incongruities that make every
visitor long for Poree despite her
hypocrisies, insults and so squeez-
ing.

The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON, Aug. 9.—While
congress slowly drags toward
adjournment, the real scene of leg-
islative action on Capitol hill is
behind the closed doors of certain
conference committees. All pend-
ing "must" measures—social se-
curity, central bank, AAA amend-
ments and the holding company
bill—are now nearly all "in con-
ference."

A conference committee consists
of representatives from each
chamber of congress. Regardless
of their number, each group votes
as a unit. The function of such
a committee is to adjust the dif-
ferences between the house and
senate on a particular bill.

If the conferees reach an agree-
ment, the bill is then reported
back to the two chambers for ac-
ceptance or rejection. A confer-
ence report is rarely turned down,
particularly in the closing days of
a long and trying session such as
this one.

Conference committees are not
supposed to write new legislation
into a bill. This rule, however, is
frequently broken, sometimes
openly, more often covertly.

Thus, conference committee ac-
tion is of utmost importance at
this period in a session. What it
actually comes down to is legis-
lation by a few men behind closed
doors.

HOT AND FURIOUS

CONFERENCE committee de-
liberations frequently are hot
and furious. With the restraints
of "congressional courtesy" re-
moved and the proceedings un-
recorded, the boys often go after
each other hammer and tongs.

Examples were the two sessions
of the conference committee on
the holding company bill when
Representative George Huddleston
objected to the presence of Brain
Truster, Ben Cohen.

Senator Burt Wheeler, who in-
sisted on Cohen's presence, was
heatedly berated by Huddleston,
an Alabama democrat, and by
John G. Cooper, an Ohio republi-
can. Wheeler replied in kind,
said that he was prepared to go
into their districts during next
year's election and debate the is-
sue of anti-power legislation.

"Are you threatening me?"
roared Cooper, a former railroad
fireman.

"No, not threatening you. Merely
stating a fact. You know
the utilities don't want an agree-
ment on this bill. They want it
to die right here."

"They never told me that,"
broke in Huddleston, purple with
rage.

"You know it just the same,"
said Wheeler, "and furthermore,
you know I know it."

"You are nothing but a grand-
stander."

"So you say. But I am for
this bill with a straight-out 'death
sentence' provision and no fake,
unworkable substitute framed by
the power trust."

WEAK END

THE senate conferees on the
banking bill had a melee
among themselves even before
meeting their house colleagues.

Seventy-seven-year-old Carter
Glass, who has used the device
of delay all through the session
to stall action, proposed that con-
ference deliberations be postponed
until the following week. It was
then Thursday. The Virginian
argued that a week-end of rest
was needed.

Senator Fletcher of Florida ob-
jected. Usually Fletcher is the

mildest-mannered of men, but this
time he was not.

"That's the trouble about
here," he barked. "Too many
'weekends.' All we have done on
this bill for months is week-end.
If we intend getting through be-
fore Christmas we've got to get
to work. It is time we stopped
this stalling and got down to
business."

Glass, however, had his way.
Fletcher was voted down and the
conference recessed to enjoy the
week-end.

against James Long, being an ac-

CHICAGO, Ill.—Socialists cap-
tured the meeting of the Chicago
Federation of Labor yesterday. At
the close of a long debate, they
had affairs their own way, and
forced through a motion to sub-
mit for a referendum vote of all
unions in the city the question
of cooperating with the socialist
party or the formation of an in-
dependent labor political organiza-
tion.

LAGUNA BEACH—Miss Vera

Editor.

Not what a man sees and hears
but what he thinks, what con-
clusions he draws from his im-
pressions, is what counts. Many
travelers, afflicted with insatiable
curiosity, go flitting about here
and there, never the wiser for all
their trappings. Having been
places and, presumably having
seen things, do not, per se, make
for education. A log may travel
a thousand miles from its forest
roots but who would call it an
educated log? Many wanderers
are equally unimpressionable and
return from distant lands with
as skimpy results.

The recreative value of vaca-
tioning may be of genuine im-
portance. Getting away from
daily routine, the sloughing of
usual habits, the sloughing of
nerves and the system. It
wears one with a different sort
of weariness. Home is more in-
viting and lowly things assume
rainbow colors. One hurries back
to rest and recuperate. The end
of vacation is better than the
beginning.

ON BEING FAIR

Editor, The Journal: I have
been a reader of The Journal ever
since it started and at first
thought it was a fair paper but
now I think it is a very unfair
paper. I have noticed that in to-
night's paper about our president
sue changed my mind. I am re-
ferring to the article in the edi-
torial column.

I am not a democrat but I think
if a few more people would get
behind and push instead of knock-
ing and tearing down what chance
a president has got we all would
be better off. There are too many
hard-skulled politicians doing that
now. I hope you take this like
I mean it.

Yours,
GEORGE SINSLEY.

One Man's Opinion

By Duncan Ellsworth Clark

EDITOR'S NOTE—Here is an informative, analytical daily feature on
current topics. The opinions expressed in this column are not necessarily
the same as those held by The Journal.

End of Vacation Better Than the Beginning

The best part of a vacation is
the getting home again. The an-
ticipation at the beginning, the
conjurung up of new scenes in
far places, is not as poignant as
the happy recollection of familiar
settings on the return to cherished
haunts. Release from duties and
responsibilities is sweet only be-
cause of later return to such ties.

Much has been written about the
enlightening value of travel, the
broadening effects, the incul-
cation of liberal views, the eradica-
tion of provincialism. Much of
this is overdrawn. The arm-chair
traveler, generously endowed with
constructive imagination, equipped
with literary media, capable of
inductive reasoning, can familiar-
ize himself with distant peoples
and their habits.

this is overdrawn. The arm-chair

ize himself with distant peoples
and their habits.

All these reports have given
rise to rumors that Coughlin was
forced to modify his political plans
by pressure from the church.
